Subject: Request for Info - STA File # 0058-EX-ST-2003

Message:

1. There are no emission or bandwidth data present in this application. Please refer to Parts 2.201 and 2.202 of the FCC's rules and submit the relevant data.
2. You have requested only discrete frequencies in the past for similar surface current measurements. What is the reason for submitting frequency bands this time? Frequency bands are more difficult to approve. Applicants should apply for the minimum amount of spectrum necessary to achieve the goals of the experiment.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of February 12, 2003 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
