Message:

It looks like we did make a mistake reporting the bandwidth for the requested license, it should be 9.38000000-9.44000000 GHz and NOT 9.15-9.75 GHz, the File Number is 0097-EX-ML-2012. By this mean I am asking for this modification, please advice on the following steps.

Thanks

J Colom
