Subject: Advance Publication Information for student satellite USC-Magneto

Dear Sir/Madam:

In accordance with the provisions of Article 9.1 and Appendix 4 of the Radio Regulations, the Administration of the United States is submitting a request for the Advance Publication Information for the USC-Magneto.

Enclosed is a file containing an electronic copy using Space Capture V.8 of the information for our student satellite mission, USC-Magneto.

In addition, a copy of our cost recovery billing information under Agency code 528 in the Preface to the International Frequency List (IFL) for U.S.A. commercial operators, is also enclosed. Technical questions regarding this submission and cost-recovery invoices associated with this filing should be sent to the following point of contact:

POC name: David Barnhart

Director, University of Southern California Space
Engineering Research Center

Address: Information Sciences Institute/SERC
4676 Admiralty Way, Suite #1001
Marina del Rey, CA 90292

E-Mail: barnhart@isi.edu

Phone: (310) 448-8644

Please acknowledge receipt of this information. Thank you for your kind consideration in this matter.
