Hi Doug,

Yes. This is for the UNITE spacecraft. It was originally licensed and operated under 0401-EX-CN-2018. That license expired, and some time after that, the university determined they would like to re start operations with the satellite. That is the purpose of the subject license, 0182-EX-CN-2021.

Please let me know anything that I should do to make processing the most efficient.

Thanks,

Mike
