<u>SUBJECT</u> Good Afternoon Mr. Carl Huie, Sea Launch received FCC letter today which I have attached. Please note the second frequency in the list. It should be 7194.5 MHz on 6087-EX-PL-98, not 7094.5 as shown. If that was our mistake on the Form 442, please correct for us or if an FCC typo, also please correct. Thanking you in advance W. G. (Bill) Gjertson
