PALIDOR is requesting a refund in the amount of \$50.00 for fees paid inadvertently to the Office of Engineering and Technology.

Reason For Refund Request:

On Wednesday June 9, 2004 Palidor Radio Communications Consultants mistakenly filed an STA request (on behalf of our client UTOG 2 Way Radio) using the wrong form on the FCC website. Instead of filing on the ULS system, the STA request was filed on the Office of Engineering and Technology system. Carl Huie contacted Palidor this morning to inform us of the error. The STA was then re-filed correctly with the FCC on June 10, 2004 using the ULS system.
