Product Number: **YSC-RE905U**

Applications:

- 900MHz ISM Band
- 900MHz Cellular Band Appl
- 900MHz Digital Spread Spe
- 900MHz Telemetry Product
- GSM
- RFID
- Wireless Video Transmitters
- Multipoint and Mobile Applic
- GPRS/EDGE or CSD, (WAI
- GSM 850 networks (Sony E
- PC-Card)

Features:

- Superior performance
- Compact size
- Magnetic mounting system
- 4 foot cable
- Indoor or outdoor use
- ISM, GSM, RFID, 900 MHz compatible
- Sony Ericsson® Edge GC75/CG82/GC83/GC85 P compatible model available

This compact omnidirectional antenna is ideally suited for ISM and GSM multipoint mobile applications including public transportation, law enforcement, mining and construction vehicles, as well as numerous other commercial and industrial applications where mobility and wide coverage is desired. It is also compatible with 900MHz wireless LAN and CDPD as well as RFID. The magnetic base is suitable for fixing to other metal surfaces as well as sitting on a tabletop. The antenna features a attached 4 ft. cable terminated with the appropriate connector (SMA Male, RP-SMA Plug or TNC Male), the need for a separate radio pigtail adapter.

Custom connectors are available at an additional cost.

Antenna Electrical Specifications

Frequency 824-960 MHz

Gain 5 dBi

VSWR ≤ 2.0

Antenna Mechanical Specifications

Weight 0.1 lbs. (0.04 Kg)

Length 7.12 in. (180 mm)

Base Diameter 1.2 in. (30 mm)

Finish Black Plated

Mounting Magnetic

Polarization Vertical

Operating Temperature -20° C to to 85° C
(-4° F to 185° F)

Price: \$19.95

Connector Options:

RP-SMA Plug
