To Whom It May Concern:

This is to certify that:

VALL Technologies Inc deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and approved by VALL Technologies Inc in a controlled environment.

VALL Technologies Inc will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

VALL Technologies Inc has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe VALL Technologies Inc meets the Eligibility criteria for a Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,
