---

Message:

Please submit the following information prior to request using the frequency band 80-2700 MHz for experimental license:

- 1- FAA coordination.
- 2- Aviation Spectrum Resources coordination
- 3- US Military contract or Military point of contact.
- 4- AFTRCC coordination.
- 5-FirstNet coordination.

We will not be coordinating with any of the agencies listed above. The frequency band is swept in frequency bands 200 MHz segments at a time.
