Dear Ms. Hey:

The Virginia Department of Environmental Quality (DEQ) has submitted an application for license for the operation of a radar profiler at the Science Museum of Virginia in Richmond. The FCC received this application on April 21, 2000. (File Number 0105-EX-PL-2000) To date, this office has received no correspondence regarding the status of this application.

The Virginia DEQ has a contract with the manufacturer for installation of this equipment during the middle of September of this year. Any consideration concerning the granting of this license before this time would be most appreciated.

Sincerely,

W. Marshall Ervine
