WF2XDN Renewal Application

White, Jerry E.

October 3, 2018

On September 25, 2018 I filed an application requesting the renewal of WF2XDN. The fee payment and form 159 were mailed on September 27, 2018. In re-reviewing the filed application I discovered that I should have requested a change in the license along with the requested renewal.

Since the Commission allows amateur radio operators to operate in the 135.7 kHz to 137.8 kHz band I should have requested that experiment operation on 136.75 kHz be removed from the renewed WF2XDN license.

I would like to respectfully request the renewal of the license for WF2XDN specifying the operation in the 160 kHz to 190 kHz frequency range as currently authorized.

Respectfully requested,

Jerry E. White
