

TN Technologies

A Thermo Instruments Company

8 March 1996

Carl Huie
Federal Communications Commission
Washington, DC.

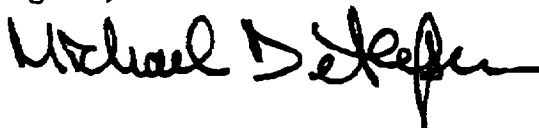

Dear Mr. Huie,

As we discussed in our telephone conversation of 8 March 1996, I am sending you the attached copy of our Grant of Equipment Authorization to be included as an amendment to the application of Xetel Corporation for an Experimental License, File Number 5028EXPL95. The attached Grant shows a frequency range of 9400mHz to 10700mHz of operation.

If you have any questions, please call or fax me at the numbers below.

Thank you.

Regards,

Michael Detlefsen
Certification Manager
