Subject: Additional Information Request

---

Message:

On behalf of York Space Systems, L.L.C., applicant in File No. 0921-EX-CN-2019, Call Sign WK2XRK, I hereby confirm that we have amended this application to specify a 1 MHz frequency range of operation in the S-band, with center frequency at 2276 MHz, and confirm that this more limited band segment would be acceptable for York's proposed operations.

Best regards,

Carlos Nalda

LMI Advisors for York Space Systems, L.L.C.
