DISMISSED-WITHOUT PREJUDICE

Dear Dirk Wallinger,

This refers to application, File No. 0921-EX-CN-2019, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. The frequency band 2200-2290 MHz is a U.S. government band that is used by many federal users. We are unable to proceed any further and obtain final approval for the 2276 MHz frequency. If you still wish to proceed with this operation, please have your government sponsor prior coordinate your frequency request through their spectrum office. You will need to file a new application after you have completed your prior coordination.

Responses to this correspondence must contain the Reference number : 56690

Sincerely,

Anthony Serafini
Chief
