Subject: Zhone Technology

Mr Huie:

This email is to request that you remove the request for confidentiality from Zhone Technologies, Inc.'s application. We were unaware that such a request would in any way delay the grant of the license. We would prefer to have the grant as soon as possible, and confidentiality is not required. Thank you for your attention to this matter. Please feel free to contact me should you have any questions.

Very truly yours,
/s/
Benjamin J. Aron
