

蓝色线为折痕线

Keep in mind that driving safety is the most important thing and do not do anything that may cause distraction.

The electronic devices of the car may malfunction due to the radio interference of the earphones. Please contact the manufacturer for detailed information.
Wireless earbuds may interfere with the flight system of the aircraft. Please comply with the relevant regulations of the airline. Do not use the device when there is a prohibition using wireless equipment.

Child safety
This device and its accessories may contain small parts. Please place the device and its accessories in places that your children cannot reach. Children may damage the device and its accessories unintentionally, or swallow small parts of the device which may cause suffocation. Other hazards may also occur.
* This device is not a toy, therefore children should use it under the supervision of a guardian.

Accessories Requirements
Only accessories approved by the device manufacturer and compatible with the device can be used. The use of other types of accessories may violate the warranty provisions of the equipment and the relevant provisions of the country in which the equipment is in place, and may lead to incidents. For approved accessories, please contact authorized service centers.

Battery Safety
Please use CE certified adapter for charging.
Do not disassemble or modify the battery, insert foreign matter, or immerse the battery in water or other liquids, to avoid battery leakage, overheating, fire or explosion.
Do not drop, squeeze or puncture the battery, excessive external pressure on the battery may lead to short circuit and overheating inside the battery.
This device is equipped with a built-in battery that is not removable. Do not replace the battery on your own to prevent damage to the battery or device. The battery can only be replaced in authorized service centers. Caution risk of explosion if battery is replaced by an incorrect type.
* Please dispose of used batteries according to the instructions.

SAFETY INSTRUCTIONS

Operation Environment
Do not use the device in wet environment or near magnetic field to avoid internal circuit malfunction of the device.
Please do not place the device in humid/smoke/smear/thunderstorms may cause malfunction of the device or risks of electric shock.
* Please use the device within a temperature range of 0°C ~ 35°C and store the device and its accessories within a temperature range of -10°C ~ 50°C. Extremely high or low temperatures may cause malfunction of the device. The performance of battery may compromise when the temperature is lower than 10°C.
* Do not place the device in a position subject to direct sunlight, such as car dashboard or window sill.
* Do not expose the device to hot places or ignition sources, such as electric heater, oven, microwaves, water heaters, stove, candle, or any other place that may generate heat.
* Do not place pins and ordinary sharp metal items among the receivers or speakers, so as to avoid metal items being attached which may cause harm to you.

Care and Maintenance
If you are not using the earphones, please put the earphones back into Charging Case to prevent loss and charge the headset in time.
Please keep the device and accessories in good condition. Do not dry the device by using heating devices such as microwaves or hair dryer.
Do not place the device and accessories in an area where temperature is too high or too low, otherwise it may cause malfunction, fire, or explosion.
Before cleaning and maintenance, please stop using the device, close all apps, and disconnect the device from other devices. Do not use strong chemicals products, detergents, or cleaning equipment to clean the device's accessories. Please use a clean, dry, and soft cloth to wipe the device or its accessories.
Do not put magnetic stripe cards (such as bank cards, SIM cards, etc.) together with the device for a long time because magnetic stripe cards may be damaged by magnetic field.
Do not disassemble or modify the device and its accessories, otherwise the warranty will not be applicable. If malfunction of the device happens, please contact the authorized service centers.

Warning
Do not swallow earphones. Children and Minors should use the device under the supervision of a guardian to prevent swallowing.

Environmental protection
Please do not throw away the device and its accessories as ordinary domestic waste.
Please comply with the local regulations for handling the device and its accessories and support recycling campaigns.

RF exposure information
This device has been assessed and found to comply with the limits for this unit which will not generate the harmful EM emission above the reference level as specified in EC Council Directive 1999/519/EC.

CAUTION
High sound pressure. To prevent possible hearing damage, do not listen at high volume levels of long periods.
Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instruction.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC (USA ONLY) :
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

EU:
This TWS Earphone offers the following frequency bands in EU areas only and with the following maximum radio-frequency power: Bluetooth V5.2 (2402-2480MHz) ERP: 10 dBm
