matters need attention

1. Please don't treat this product violently, and don't squeeze it with heavy objects. Stay away from high temperature and humidity environment.
2. Stay away from wifi, routers and high-frequency transmitter equipment, which will affect the local signal connection, resulting in the sound of the card broken and disconnected.
3. Please use this product in an effective environment (8-10m), and there is no physical barrier (such as wall) between Bluetooth device and earphone.

FCC ID: 2A27V-PRO6

Note: This product can be used with any Bluetooth-enabled device.

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
  - (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can radiate radio frequency energy and if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

R F warning statement

The device has been evaluated to meet general R F exposure requirements. The device can be used in portable exposure condition without restriction.
