ADDRESS: GUANGFENG INDUSTRIAL PARK, DENG FENG ROAD, GUANGYI STREET, CHENGHAI DISTRICT, SHANTOU CITY, GUANGDONG, CHINA

DESCRIPTION OF REMOTE CONTROL AND MAIN BATTERY

1.5V AAA
(Load non-rechargeable batteries two 1.5V AAA)

BATTERY REPLACEMENT AND CHARGING STEPS

Use a Phillips screwdriver to loosen the screws on the remote control counterclockwise and open the battery cover; insert 2 new 1.5V AAA non-rechargeable batteries according to the correct positive and negative poles (not delivered, need to be purchased separately).

Product uses a USB charging cable to charge.

When the speed slows down or cannot operate normally, please replace the remote control battery or charge the product.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
