# **Wireless Karaoke Microphone**

### User Manual ISK101

### 1 Wireless Microphone

- Micro-USB Charging Cable
- User Manual with Warranty Information

### **A Quick Look**

**Next Track** 

### **Charging the Microphone**

To charge the microphone, attach the small end of the micro-USB charging cable (included) to the charging port located at the bottom of the microphone.

Volume -/Previous Track

- Attach the other end to a USB power port on a computer or USB charging
- A RED light will turn ON while the microphone is charging, and will turn

### Pairing the Microphone

### **Bluetooth Pairing**

- Press and hold the Power button to start pairing your device. Once the device is ON you will hear "It's Karaoke Time!", and the Light Indicator will illuminate
- open your smartphone's Bluetooth menu to enable Bluetooth and search for Bluetooth devices. Select "ISK101" from the list of devices.
- After successfully pairing, you will hear "Let's Sing!" from the microphone and the blue light will turn solid.

Note: If a previously paired device is in range while the microphone is ON, the speaker will connect to it automatically

### **TWS Pairing**

Two Pairing
To connect two ISK101 Karaoke Microphones together, turn ON both microphones at the same time, then quickly double press the Mode button. The two microphones will automatically find each other and connect. When the connection is successful, you will hear "beep".

After the microphones are paired to each other, connect to your Bluetooth-enabled device.

# Using the Microphone

### Power On/Off

Press and hold the Power button to turn the microphone ON. You will hear "It's Karaoke Time!". Press and hold the Power button to turn OFF.

### Adjusting Volume

Press and hold down the Volume - button to decrease the speaker volume. Press and hold down the Volume + button to increase the speaker volume. Alternatively, you can adjust the volume using the Mic Volume slider, push up to increase the microphone volume or push down to decrease.

Push the Echo slider up to increase echo effect and push down to decrease.

### **Switching Modes**

To enter memory card mode, insert an SD card into the TF memory card slot. You will hear "Memory Card Mode". To enter USB mode, insert a USB into the USB port. You will hear "USB Mode".

**Music Control** 

To play or pause the music press the Play/Pause button.
To change the music track, press the Next Track button to change to the next track on a playlist or press the Previous Track button to change to the previous track.

To mute the vocals from the microphone, press the Power button twice. You will hear "Music Removed" once the vocals have been removed.

### Voice Change

Press and hold the Mode Button to switch between 5 different voice settings.

### Using the USB Port and Memory Card Slot

Your microphone comes with a USB Port and a TF Memory Card Slot.

- When a USB thumb drive or jump drive is inserted into the USB Port, your microphone will play any .MP3, .WMA, or .WAV music file stored on the drive.
- When a TF card is inserted into the TF Card Slot, your microphone will play any .MP3 music file stored on the card.
