Charging the CoJorFit Pulse Smart Watch

Before using your CoJorFit Pulse for the first time, charge the battery for 1-2 hours. The first charging cycle is essential for the watch to charge. Use the CoJorFit Pulse or the CoJorFit Pulse app to charge the watch.

Recharge CoJorFit Pulse

- Plug the USB cable into the power adapter. Plug the power adapter into an electrical outlet. (Power adapter not included.)
- Attach the magnetic charger on the magnetic charging points of the watch.
- While your watch is charging, the screen will show the time, date, battery percentage and 100% of charging time.
- Once the battery is fully charged, remove it from the charging dock.

Power On

Press and hold the side button for a few seconds to turn on the watch.

Power Off

Long press the side button. Select power off and confirm.

Waking Up the Watch

To preserve battery, the watch screen turns off when not in use. To wake the screen back on, you can wake up the watch by:

- Pressing the side button
- Turning on the wrist sensor

Power On

Power Off
