Re: Applicant: FireHUD Inc. d.b.a SlateSafety  
FCC ID: 2A3579160  
Part 2.1043(b)(2) Class II Permissive Change

FireHUD Inc. d.b.a SlateSafety (SlateSafety) requests a Class II Permissive change under Part 2.1043(b)(2).

FCC ID of Module: 2A3579160

No hardware or radio software was altered in the nRF9160. The purpose of the Class II Permissive Change is:

1. The nRF9160 is now co-located with another radio transmitter.
2. The nRF9160 resides inside of a host device which is typically body-worn

Please let us know if you might require anything further to assist with your review of this Class II Permissive Change.
