

<p style="text-align: center;">Solder Board-Component View 4</p>	 A photograph showing a green printed circuit board (PCB) component with various electronic components and a small orange connector. The component is placed on a blue textured surface next to a black ruler for scale. The ruler has markings in millimeters and centimeters.
<p style="text-align: center;">Solder Board-Component View 5</p>	 A close-up photograph of a small green PCB component with a white label '102'. The component is placed on a blue textured surface next to a black ruler for scale. The ruler has markings in millimeters and centimeters.

<p style="text-align: center;">Solder Board-Component View 6</p>	 A photograph showing a small green PCB component with two silver solder pads. The component is placed on a blue textured surface. A black ruler with white markings is visible, showing measurements in millimeters. The ruler is oriented vertically on the left side of the component, with markings from 0 to 100 mm. The component is positioned between the 10 mm and 20 mm marks.
<p style="text-align: center;">Solder Board-Component View 7</p>	 A photograph showing a larger green PCB component with a multi-pin connector. The component is placed on a blue textured surface. A black ruler with white markings is visible, showing measurements in millimeters. The ruler is oriented vertically on the left side of the component, with markings from 0 to 100 mm. The component is positioned between the 10 mm and 20 mm marks.

<p style="text-align: center;">Solder Board-Component View 8</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled '8', placed on a blue textured surface. The component is rectangular and features several components: a multi-pin connector at the top, a smaller connector in the middle, and various surface components. Text on the board includes 'XW_01INT_A_V10', 'Pb', and a triangle symbol. A black ruler with white markings is positioned vertically to the left and horizontally below the component for scale.</p>
<p style="text-align: center;">Solder Board-Component View 9</p>	 <p>A photograph of a green PCB component, labeled '9', placed on a blue textured surface. The component is rectangular and features a central component labeled 'KEY'. There are also some small circular components and markings on the board. A black ruler with white markings is positioned vertically to the left and horizontally below the component for scale.</p>
