

<p style="text-align: center;">Solder Board-Component View 16</p>	 A photograph of a small green printed circuit board (PCB) component. The component is rectangular and populated with various electronic components, including a central integrated circuit, several resistors, and surface-mount components. It is placed on a black surface with a white ruler for scale. The ruler shows markings in millimeters, with the component positioned between the 10 mm and 50 mm marks. The background is a blue textured surface.
<p style="text-align: center;">Solder Board-Component View 17</p>	 A photograph of a blue cylindrical battery component. The battery is oriented horizontally and has two wires (one red and one black) connected to its terminals. The wires are secured with a black plastic ring. The battery is placed on a black surface with a white ruler for scale. The ruler shows markings in millimeters, with the battery positioned between the 10 mm and 50 mm marks. The background is a blue textured surface.
