**Class 2 permissive change application**

We hereby apply a C2PC for the module NOKCMWX (FCC ID 2A3B4CMWX01) so that we can use it with an antenna *Linx Technologies ANT-916-HETH* while the module is installed in our product series *eGate-Kombi*. The module itself remains unmodified.

A report of the new radiated emission test results is provided as an appendix to this application.

Sincerely,

**Lari Maasalo**
