FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning:

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a class B Digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by on or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC ID: 2A3GF-BLK-01
IC: 28304-BLK01
HVIN: TSO-BLK-01 | TET-BLK-01

Compliance Information:

Hereby, TalkGo Inc., declares that this device is in compliance with Directive 2014/53/EU and Radio Equipment Regulations 2017. SAR: This device has been tested and meets applicable limits for radio frequency exposure. The product complies with the FCC portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operations as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the users body or set the device to lower output power if such function is available.

Battery Safety:

Your device contains rechargeable lithium-ion polymer batteries and should be replaced only by a qualified service provider. Do not disassemble, open, crush, bend, deform, puncture, shred or attempt to access battery.

Operating Information:

Frequency: Bluetooth (2402-2480 MHz) Maximum Radio Power <10dBm, Wireless Power Consortium (111-205 kHz), Input rating: 5v=300mA, Battery Rated: 3.7V=129mAh.
