1. PART NUMBER

Part number
CU23003-1

2. GENERAL DATA

Antenova P/N	CU23003-1
Frequency	791-862, 880-960, 1710-1880(MHz)
Polarization	Linear
Operating Temperature	-40 to +85°C
Impedance	50Ω
Weight	<0.5g
Antenna Type	FPC Self-adhesive 3M 468P
Dimensions	85.0 x 23.0 x 0.15 (mm ³)

3. RF CHARACTERISTICS SUMMARY

Frequency	791~862MHz	880~960MHz	1710~1880MHz
Peak Gain	-4.6dBi	-4.4dBi	-0.3dBi
Average Gain	-8.7dB	-8.6dB	-6.4dB
Average Efficiency	13.5%	13.9%	22.8%
Maximum S11	-5.7 dB	-2.4 dB	-8.2 dB
Maximum VSWR	2.2:1	6.6:1	2.3:1

4. RF PERFORMANCE

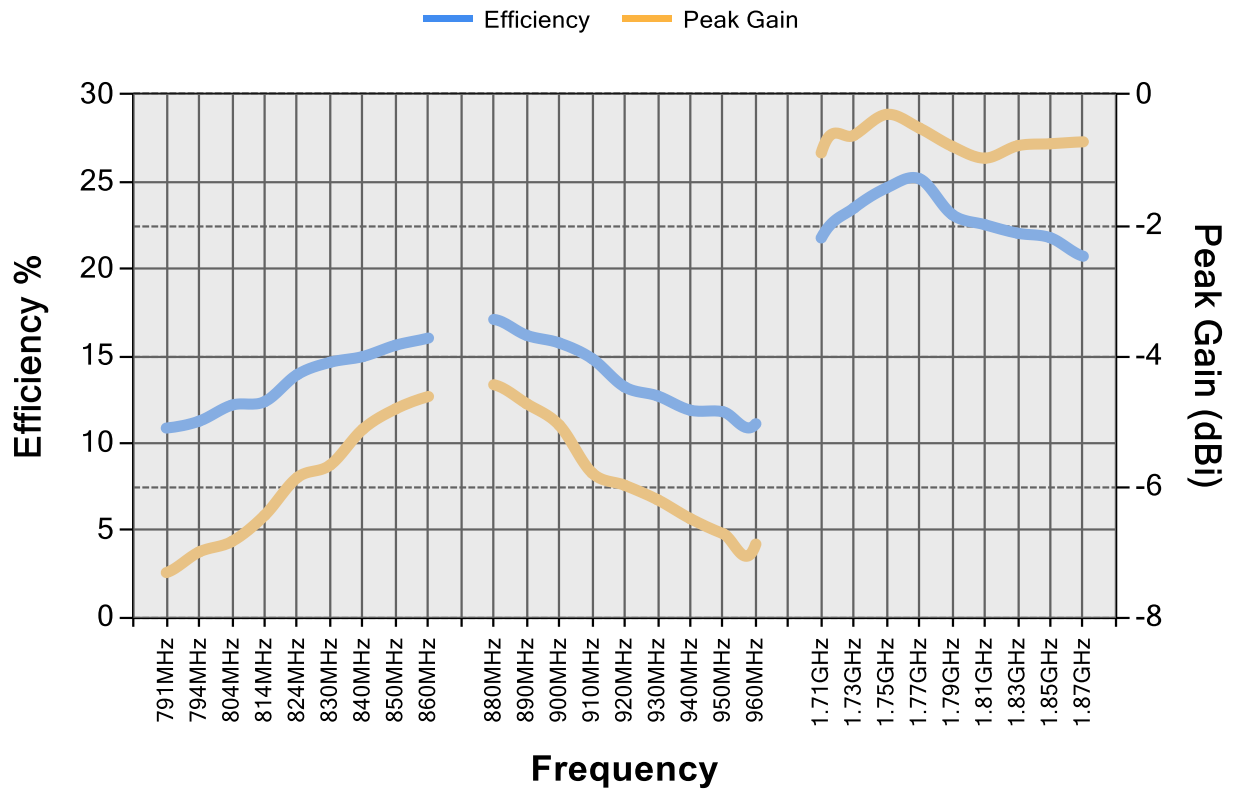

4.1 S Parameter

4.2 VSWR

4.3 Antenna Efficiency And Peak Gain

4.4 Antenna Radiation Pattern

3D Radiation @824 MHz

3D Radiation @930 MHz

3D Radiation @1790 MHz

5. DIMENSIONS

5.1 Antenna Dimensions

Units: mm

L	W	T
Length	Width	Thickness
85.0 \pm 0.1	23.0 \pm 0.1	0.15 \pm 0.1

6. ELECTRICAL INTERFACE

The Host PCB should ensure that the transmission lines are designed to have a characteristic impedance of 50 Ω

- The length of the transmission lines should be kept to a minimum
- Any other parts of the RF system like transceivers, power amplifiers, etc, should also be designed to have an impedance of 50 Ω

Once the material for the PCB has been chosen (PCB thickness and dielectric constant), a coplanar transmission line can easily be designed using any of the commercial software packages for transmission line design. For the chosen PCB thickness, copper thickness and substrate dielectric constant, the program will calculate the appropriate transmission line width and gaps on either side of the track so the characteristic impedance of the coplanar transmission line is 50 Ω

7. HAZARDOUS MATERIAL REGULATION CONFORMANCE

The antenna has been tested to conform to RoHS requirements. A certificate of conformance is available from Antenova's website.

8. STATEMENT ON INTELLECTUAL PROPERTY

It is the policy of Antenova Ltd to file worldwide patents on all novel technology and exploitable ideas developed within the company. All information provided in this document is, and shall remain, the property of Antenova. Nothing herein shall be construed as granting or conferring any rights by license or otherwise in the Information except as expressly provided herein. A recipient acquires hereunder only a limited right to use the Information solely for the purpose of evaluation of the technology, subject to the terms and conditions set out in an associated Non Disclosure Agreement.

Disclaimer

Antenova accepts no responsibility for injury to the individual resulting from the use or misuse of this product.
