

13. EUT Test Setup Photographs

Radiated Measurement Photos

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test setup for frequencies below 30 MHz. The setup is located inside an anechoic chamber with white, square-shaped absorbers on the walls. A large, black, cylindrical probe is positioned in the foreground, pointing towards a white test table. On the table, there is a small electronic device. A metal container is also visible on the floor near the table.
Radiation Emission Test Setup (30MHz to 1GHz)	 A photograph of a radiation emission test setup for frequencies from 30 MHz to 1 GHz. The setup is inside an anechoic chamber with white, square-shaped absorbers on the walls. A white test table is positioned in the center. Several vertical metal poles are visible in the foreground, likely for mounting antennas or probes. A small electronic device is on the table.

**Radiation Emission Test
Setup (1GHz to 18GHz)**

**Radiation Emission Test
Setup (Above 18GHz)**

*** Means' only test and setup for PART 15C .**
