## KNOW YOUR SMARTWATCH

### Product Instruction

### Package Contents

- 1 x Cambivo Smartwatch
- 1 x Additional Band
- 1 x Charging Cable
- 1 x User Manual

### Connect Your Smartwatch with Your Phone

#### Step 1 Download and Install the "GloryFit" App

Method 1: Scan the QR code below to download and install the "GloryFit" app on your phone.

Method 2: Search the "GloryFit" app in the App Store or Google Play, and download and install it on your iPhone or Android Smartphone.

Method 3: Press and hold the Home/Power Button for 5 seconds to turn on the watch, swipe DOWN (from the top of) the home screen to see the control panel. Tap the icon of Settings > APP Download, then the screen will show a QR code for you to scan. Download and install the "GloryFit" app on your phone.

#### Step 2 Pair Your Smartwatch with Your Phone

Open the "GloryFit" app and follow the onscreen instructions to finish the pairing. You will need to create an account, login and select a device: **KW06Pro** according to the instructions.

When the pairing is completed, the "GloryFit" app on your phone will automatically sync with your smartwatch. Now your smartwatch is ready to use.

### Tips

- ❶ Make sure to turn on Bluetooth on your phone and be within 30 feet (10m) during the pairing process.
- ❷ If the device can not be found or connected in the pairing process, please tap Settings > Reset on the screen, then try to pair again.
- ❸ If the watch still can not be found, please exit and re-open the "GloryFit" app.
- ❹ The connection status will be shown on the screen, so you may check if it's connected according to the figures below:

Not Connected

Connected

### Note

There are 5 battery levels displayed on the watch: 0%; 20%; 50%; 75%; 100%.

### Wear Your Smartwatch Correctly

Wear the watch about one finger above the wrist bone and adjust the tightness of the wristband to a comfortable but snug position. To get a more accurate heart rate measurement, ensure the back of the watch is in contact with your skin while running or exercising.

### Note

- If you wear the band too loose, the accuracy of measurements might be affected.
- We recommend you to remove your watch while showering to avoid long-term damage to your watch and irritation to your skin.

### Replace the Band

Cambivo smartwatch comes with a band attached and an additional band in the box. Follow the steps below to remove and replace the watch band:

**Step 1** Flip over the watch and place it on a soft surface to avoid any scratches.

**Step 2** Slide the quick release pin horizontally on the old band and lift from one side to remove it, then release the pin.

**Step 3** Slide and hold the quick release pin on the new band while you place it into the lug. Release the pin to lock the new band into the lug.

## OPERATING INTRODUCTIONS

### Tips

Please fully charge your watch before using it.

### Get Started

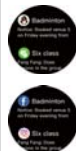

Quick Start Guide	
How To	Actions
<b>Power On</b>	Press and hold the Home / Power Button for 5 seconds to switch the watch on.
<b>Power Off</b>	Swipe DOWN (from the top of) the home screen and tap the icon <b>Settings &gt; Off</b> to shut down your watch.
<b>Open the Main Menu</b>	Swipe LEFT on the home screen.
<b>Check Your Health Data</b>	Swipe RIGHT on the home screen to check the data of your daily movement, heart rate, and sleep.

<b>Return to the Previous Interface</b>	<p><b>Method 1:</b> Press the Home / Power Button to return to the previous interface.</p> <p><b>Method 2:</b> Swipe RIGHT to exit the current interface and return to the previous interface.</p>
<b>Change the Watch Face</b>	Press and hold the home screen until your watch vibrates, and then swipe left or right on the screen to select your preferred new screen.

### Product Features

Icon / Symbol	Function & Introduction	Action
	<p><b>13 Training Modes:</b> Running, Walking, Cycling, Alpinism, Yoga, Skipping, Tennis, Baseball, Basketball, Badminton, Football, Rugby, Table Tennis.</p>	<p><b>Method 1:</b> Swipe LEFT on the home screen to the main menu, tap the training icon.</p> <p><b>Method 2:</b> Swipe RIGHT on the home screen through the health data interfaces until you see the interface of training mode, tap the training icon.</p>
	<p><b>Training Data:</b> In running, walking, cycling, and other training modes, tap the screen to view your training data. You can view your training data (such as heart rate, exercise time duration, step counts, and calories burned) under all the 13 training modes, respectively. You can also view the historical training data in the "GloryFit" app.</p>	<p>Once you choose a training mode, the training data will be shown on the screen after a 3-second timer. To pause recording data during training mode:</p> <p><b>Method 1:</b> Press the Home / Power Button to pause or resume your workout.</p> <p><b>Method 2:</b> Swipe RIGHT on the workout screen to pause or resume your workout.</p>

	<p><b>Heart Rate Monitor:</b> Once you turn on the Heart Rate Monitoring in the "GloryFit" app, the watch will keep tracking your heart rate. You can also view the historical heart rate data in the "GloryFit" app.</p> <p><b>Note:</b> The heart rate monitor will increase power consumption and reduce battery endurance.</p>	<p>Swipe RIGHT on the home screen and tap the Heart Rate icon. Then, this watch will start measuring your heart rate.</p>
	<p><b>Status Interface:</b> Wear your watch and it will automatically record your steps, distance, and calories burned and display the data on the watch.</p>	<p><b>Method 1:</b> Swipe LEFT on the home screen to the main menu, tap the Status icon.</p> <p><b>Method 2:</b> Swipe RIGHT on the home screen to check the health data of your physical movement, heart rate, and sleep.</p>
	<p><b>Sleeping:</b> Wear your watch to bed to track your sleep status from 6:00 pm to 12:00 noon the next day and provide you with deep sleep, light sleep, and awake time (only record the sleep lasting over 3 hours).</p> <p><b>Note:</b> The sleep data will be cleared on watch at 6:00 pm every day. But the data will automatically sync with the "GloryFit" app. You can open the app on your phone to see the historical data.</p>	<p><b>Method 1:</b> Swipe LEFT on the home screen to the main menu, tap the Sleeping icon.</p> <p><b>Method 2:</b> Swipe RIGHT on the home screen through the health data interfaces until you see the interface of training mode.</p>

	<p><b>Music:</b> You can use your watch to control music playback if it is connected to your phone. This includes playing/pausing songs and skipping songs.</p> <p><b>Note:</b> The watch is only compatible with the in-built music player of the mobile phone, and it may not be compatible with the third-party player. The watch is not able to adjust the volume.</p>	<p><b>Method 1:</b> Swipe LEFT on home screen to the main menu, tap the Music icon.</p> <p><b>Method 2:</b> Swipe RIGHT on home screen to the last interface until you see the Music interface.</p>
	<p><b>Stopwatch:</b> Use a stopwatch to time events with accuracy and ease.</p>	<p>Swipe LEFT on the home screen to the main menu, tap the Stopwatch icon.</p> <p>To exit the stopwatch, tap the pause icon or press the Home / Power Button, then swipe RIGHT on the stopwatch interface and return to the previous interface.</p>
	<p><b>Message:</b> When your watch receives a notification for texts, SMS messages, or social media notifications from your phone, it will vibrate and display a card. The watch can keep up to 8 notifications on the Message interface.</p>	<p><b>Method 1:</b> Swipe LEFT on the home screen to the main menu, tap the Message icon.</p> <p><b>Method 2:</b> Swipe UP on the home screen to see notifications of text, SMS messages, or social media.</p>

	<p><b>Control Panel:</b> The Control Panel allows you to quickly adjust the screen brightness, turn on/off the "Do Not Disturb" setting and the sleep mode.</p>	<p>Swipe DOWN on the home screen.</p>
	<p><b>Settings:</b> The Settings interface allows you to shut down or reset the watch. It also allows you to check the information about the watch and QR code for downloading "GloryFit" app.</p>	<p><b>Method 1:</b> Swipe LEFT on the home screen to the main menu, tap the Setting icon.</p> <p><b>Method 2:</b> Swipe DOWN on the home screen to see the control panel, and tap the Setting icon.</p>

### Charge Your Smartwatch

**Step 1** Plug the charging cable into an adapter (5V, 1A, not included), a USB port on your computer, or a UL-certified USB wall charger.

**Step 2** Hold the other end of the charging cable near the port on the back of the watch until it attaches magnetically. Make sure the pins on the charging cable align with the port on the back of your watch.

#### Note

- ❶ Fully charging your watch may take about 3.5 hours.
- ❷ Make sure the pins on the charging cable and the charging port are dry and clean before charging.

- ❸ If you do not intend to use the watch for a long time, charge the battery sufficiently once every month to maintain its performance.
- ❹ If the watch is not used for a long time, it may take longer to charge the battery.

## SAFETY INSTRUCTIONS

Please read ALL instructions carefully before using the product for the first time. We recommend that you keep this manual for future reference, even if you are familiar with the product. Basic safety precautions should always be followed. Failure to comply with this manual may result in an accident, electric shocks, and serious injury.

- If you have a pacemaker or other internal electronic device, consult your physician before using the product, which includes a heart rate monitor to track your heart rate.
- This smartwatch relies on sensors that track your movement and other metrics. The data and information provided by these devices are intended to be a close estimation of your activity and metrics tracked, but may not be completely accurate, including step, sleep, distance, heart rate, and calorie data. Always consult your physician before beginning or modifying any exercise program.
- The heart rate monitor emits a green light and flashes occasionally. Consult your physician if you experience epilepsy or are sensitive to flashing lights.
- This smartwatch is intended to be used for recreational purposes only. It is not for medical purposes and not intended to diagnose, monitor, treat, cure, or prevent any disease or condition.
- The heart rate readings are for reference only, and no responsibility is accepted for the consequences of any erroneous readings.

- Although the heart rate monitor technology typically provides an accurate estimate of a user's heart rate, there are inherent limitations with the technology that may cause some of the heart rate readings to be inaccurate under certain circumstances, such as the user's physical characteristics, fitting of the device, as well as the type and intensity of the activity.
- DO NOT leave the device exposed to a heat source or in a high-temperature location, such as in the sun or in an unattended vehicle.
- DO NOT operate the appliance with a damaged power cord or plug or after the appliance malfunctions or is dropped or damaged in any manner. Immediately stop using the appliance and contact customer support (support@cambivo.com) for advice.
- This smartwatch is rated as IP68 waterproof, but it is not resistant to corrosive liquids such as hot water and tea. As well as NOT for diving under more than 3 meters. The above behaviors may cause water intrusion, which is destructive use and does not enjoy product warranty and free maintenance.
- Avoid wearing the watch too tightly in daily use. Please keep the watch, the strap, and your skin clean and dry while using it. If you experience redness, swelling, itchiness, or any other irritation, stop using it immediately and consult a doctor.
- When the touchscreen gets wet, it may not function correctly. Please wipe the surface with a soft cloth.

#### Battery Safety

- Do not disassemble, modify, remanufacture, puncture or damage the device or batteries.
- Do not remove or attempt to remove the non-removable batteries.
- Do not expose the device or batteries to fire, explosion, or other hazard.

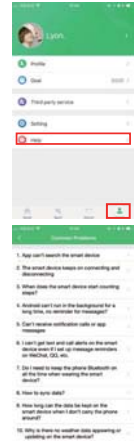

**IMPORTANT:** Dispose of the Lithium-ion battery in accordance with local, state, and federal regulations.

## TROUBLESHOOTING & FAQ

Questions	Answers
The watch can not be paired with the APP	<ol style="list-style-type: none"> <li>1 Please make sure the software version of your smartphone is Android 4.4 or iOS 7.0 or later.</li> <li>2 One watch can only be connected to one phone at a time. Please delete the connection between the watch and the previous phone.</li> <li>3 Make sure that Wi-Fi and Bluetooth are enabled on your phone. If it's still not working, we recommend you to exit all the other APPs and reopen the Bluetooth.</li> <li>4 If the watch still can not be connected even after trying the above steps, please exit the "GloryFit" app and restart your phone and watch.</li> </ol> <p><b>Note:</b> Some smartphones will not be connected to the watch at a low battery level.</p>
The watch can not be found in the APP	
Notifications, messages, or calls do not display on the watch	<ol style="list-style-type: none"> <li>1. Please make sure the Bluetooth is enabled on your mobile phone, and check whether the watch is connected successfully with your phone through the "GloryFit" app. Then turn on the "Notifications reminders" in the app.</li> <li>2 Please make sure the "GloryFit" app may run in the background on your phone.</li> <li>3 Please make sure the message is permitted to show up on your phone's notification. If not, please follow the steps to allow the APP notifications to pop up in the notification bar. Open the "GloryFit" app &gt; <b>Setting</b> &gt; <b>Notifications</b> &gt; <b>Notification Style</b> &gt; Tick the "Banners".</li> <li>4 If the messages are still not displayed on the watch even after trying the above steps, please exit the "GloryFit" app and restart your phone and watch.</li> </ol>

How to synchronize the watch data with my phone?	<ol style="list-style-type: none"> <li>1 <b>Auto Synchronization:</b> Once the watch is connected to the "GloryFit" app, the data will automatically synchronize.</li> <li>2 <b>Manual Synchronization:</b> When your watch is successfully connected to the "GloryFit" app, you can manually synchronize the data by swiping down the screen from the app homepage or data interface.</li> <li>3 If the data synchronized unsuccessfully, please try to disable the Bluetooth and re-enable, or restart your phone.</li> </ol>
Common Problems	<p>In case of any common problems in operation, please refer to the "Common Problems" in "Help" of the APP, which can help you solve some problems. You can refer to the figures below:</p> 

## LIMITED WARRANTY

All Cambivo products come with a limited warranty against manufacturing and workmanship defects. This warranty is exclusively available to consumers. You are a consumer if you own a Cambivo product purchased at retail for individual, family, or household usage. Except as otherwise required under applicable law, this warranty is not accessible to retailers or other commercial buyers or owners.

This warranty does not apply to misuse, accident, alteration, tampering or vandalism, improper or lack of maintenance, damage in return transit, mishandling, unsupervised use by children under 18 years of age, and electrical problems arising as a result of faults in your electrical supply.

Due to the constant improvement of our products in terms of function and design, Cambivo reserves the right to make changes to the product without prior warning.

If you think your smartwatch has a manufacturing or workmanship defect, please contact us at **support@-cambivo.com** or Amazon Buyer-Seller Messages. Cambivo will not warrant any attempt to repair or replace parts of the damaged or defective products.

### **Default Warranty Period: 12 months**

\*For your own reference, we strongly recommend that you record your order number and date of purchase.

**Date of Purchase:** \_\_\_\_\_

**Order Number/ID:** \_\_\_\_\_

Cambivo will replace any product found to be defective due to manufacturer flaws based on eligibility. This warranty extends only to personal use and does not extend to any product that has been used for commercial, rental, or any other use for which the product is not intended for.

## DISCLAIMER

Cambivo and its subsidiaries assume no liability for damage caused by the use of the product other than for its intended use or as instructed in the user manual. Some countries and states do not allow this exclusion or limitation of incidental or consequential losses, so the foregoing disclaimer may not apply to you.

### **WARNING**

IMPROPER USE OF CAMBIVO' S PRODUCTS INVOLVES SERIOUS RISKS INCLUDING INJURY AND DISABILITY. YOU UNDERSTAND THAT BY KEEPING, USING, OR ALLOWING USE OF CAMBIVO' S PRODUCTS, YOU AGREE TO THE FOLLOWING:

- (1) CAMBIVO ACCEPTS NO RESPONSIBILITY FOR ANY INJURY WHICH MIGHT OCCUR WHILE USING CAMBIVO'S PRODUCTS.
- (2) WITH USE OF CAMBIVO'S PRODUCTS, IT IS POSSIBLE TO BE UNDER DANGEROUS CONDITIONS AS STATED ABOVE.

## CUSTOMER SUPPORT

Feel free to contact our friendly Customer Support Team if you have any questions or concerns regarding your new product. Your satisfaction is our priority.

### **Email:**

support@cambivo.com or Amazon Buyer-Seller Messages

We will reply to your message within 24 hours!

Please include your Order ID in your email when you are contacting Customer Support for faster solutions.

Thanks for choosing Cambivo!

## FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Please note that changes or modifications of this product is not expressly approved by the party responsible for compliance and could void the user's authority to operate the equipment.

For Class B digital equipment or peripheral, the following statement or similar should be placed in a prominent position of the specification text of the User Manual.

**Note**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
