Re: Change of Identification Authorization, FCC ID: A8TBM71S2

To Whom It May Concern:

This letter grants authorization for representatives of TraceX Inc., to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules.

This authorization applies to Microchip Technology Inc., Model RN4871 FCC ID: A8TBM71S2. The original grant date is: 01/05/2016

We are aware that TraceX Inc., intends to market the above referenced product under their own FCC ID: 2A3UI-TX4871.

Microchip Technology Inc. will continue to sell their device under their existing FCC ID.

The Model with a change in ID is identical in design and construction with our original model. The original test results continue to be representative of and applicable to the module with a change in ID.

Sincerely,

Signature: 

Steve Caldwell  
Vice President, Wireless Solutions Business Unit
