

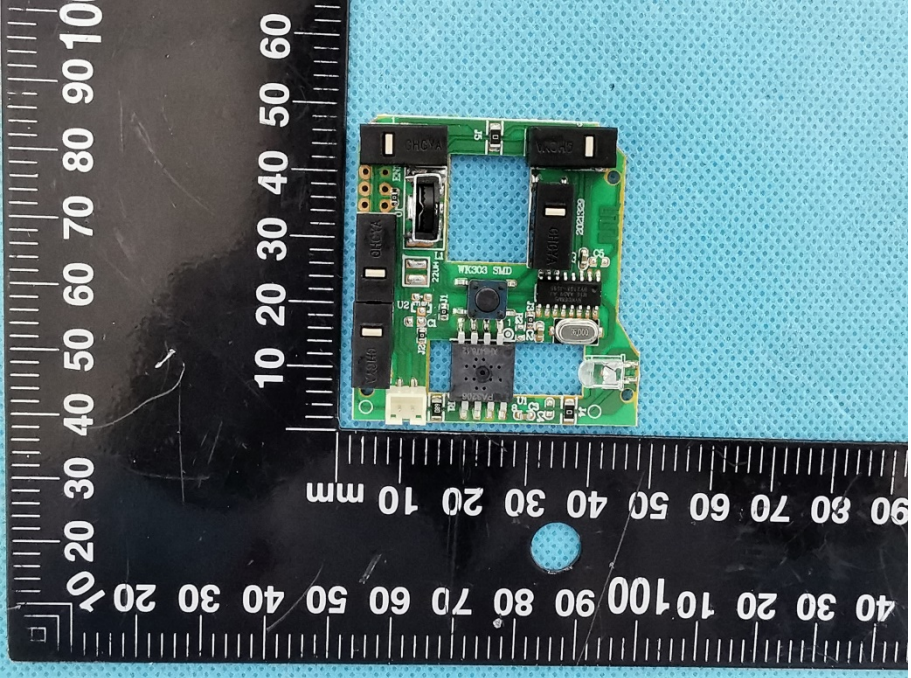

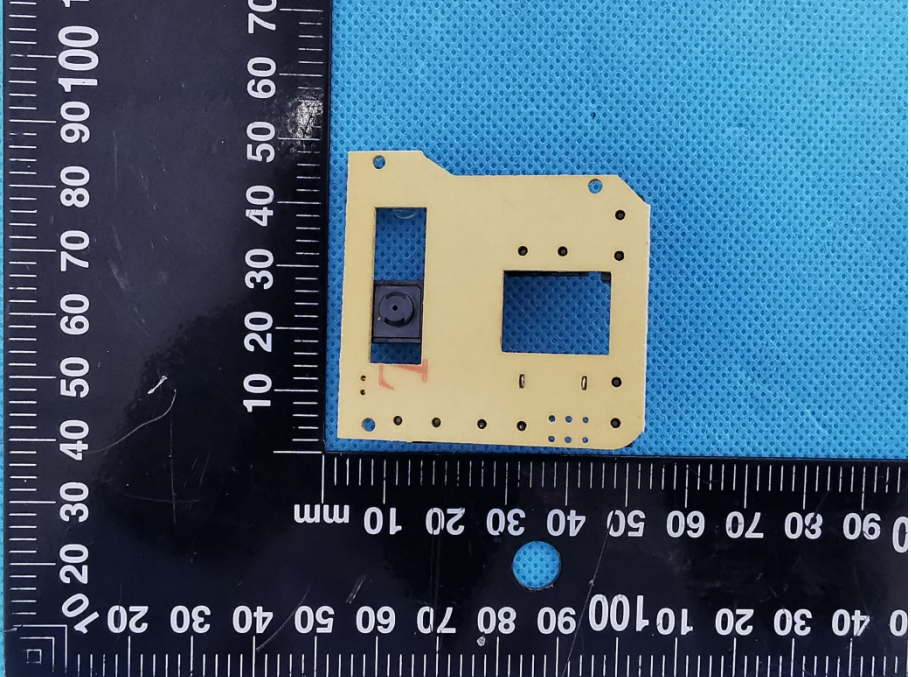

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p style="text-align: center;"><b>Solder Board-Component View 1</b></p>	 A photograph of a green printed circuit board (PCB) populated with various electronic components, including integrated circuits, capacitors, and connectors. The board is placed on a blue perforated surface. A black ruler with white markings is positioned around the board to provide scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The board is oriented vertically, with the ruler's 0 mm mark at the top left.
<p style="text-align: center;"><b>Solder Board-Component View 2</b></p>	 A photograph of a yellow PCB, which appears to be a bare board or a board with minimal components. It is placed on a blue perforated surface. A black ruler with white markings is positioned around the board to provide scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The board is oriented vertically, with the ruler's 0 mm mark at the top left.
