

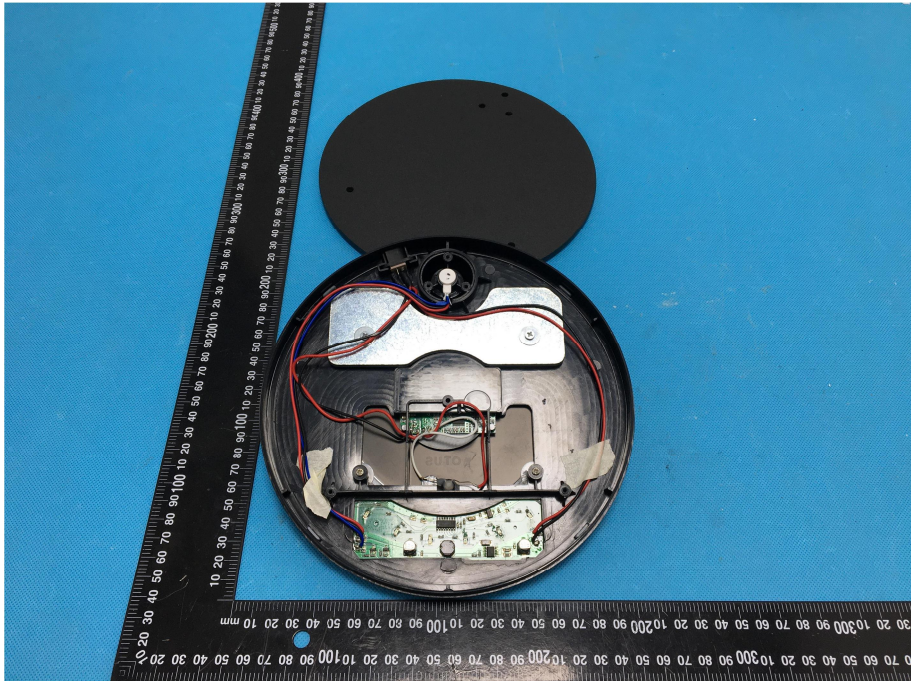

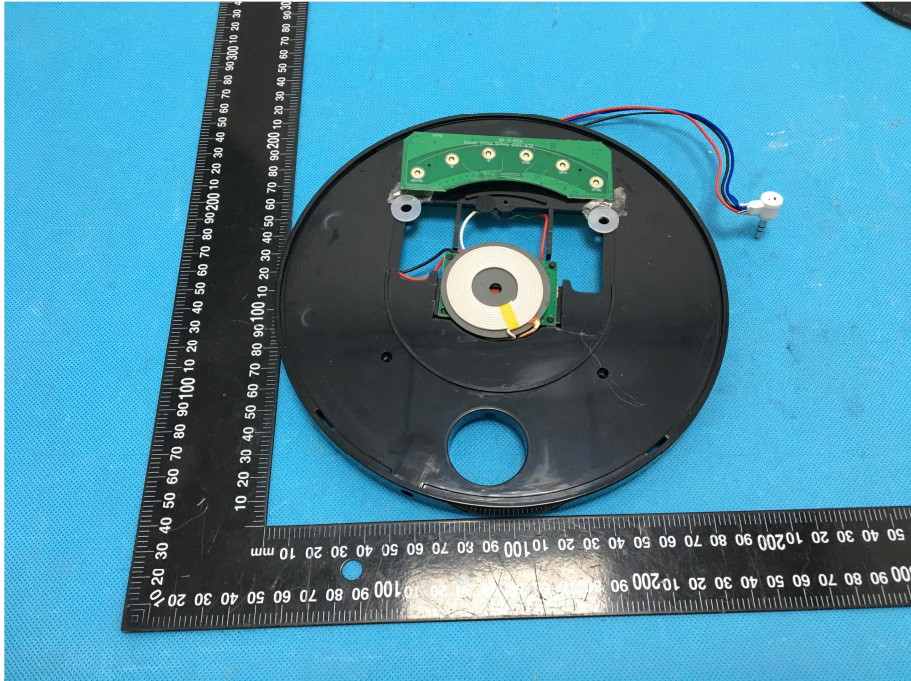

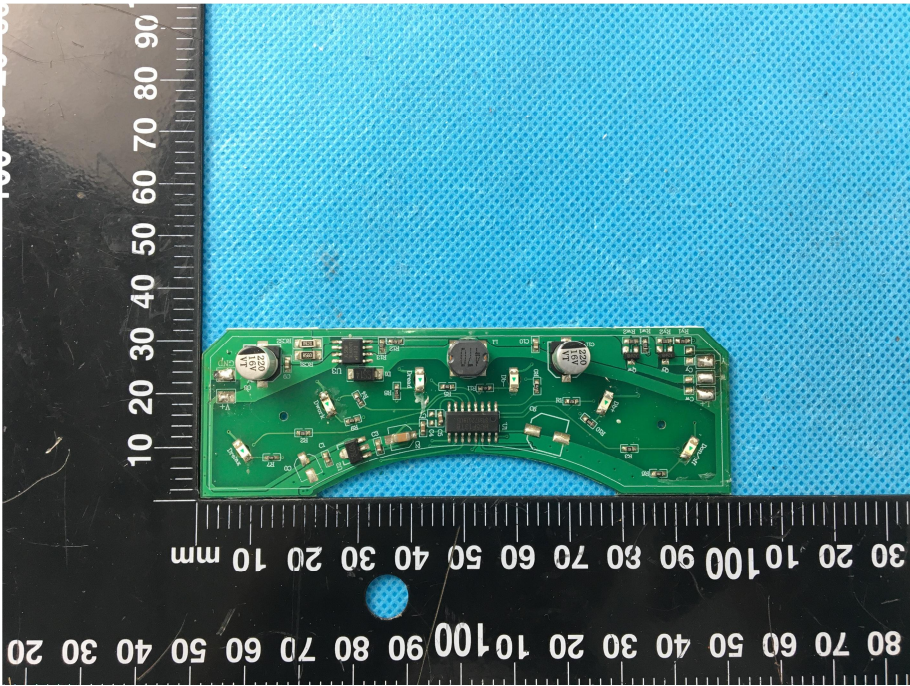

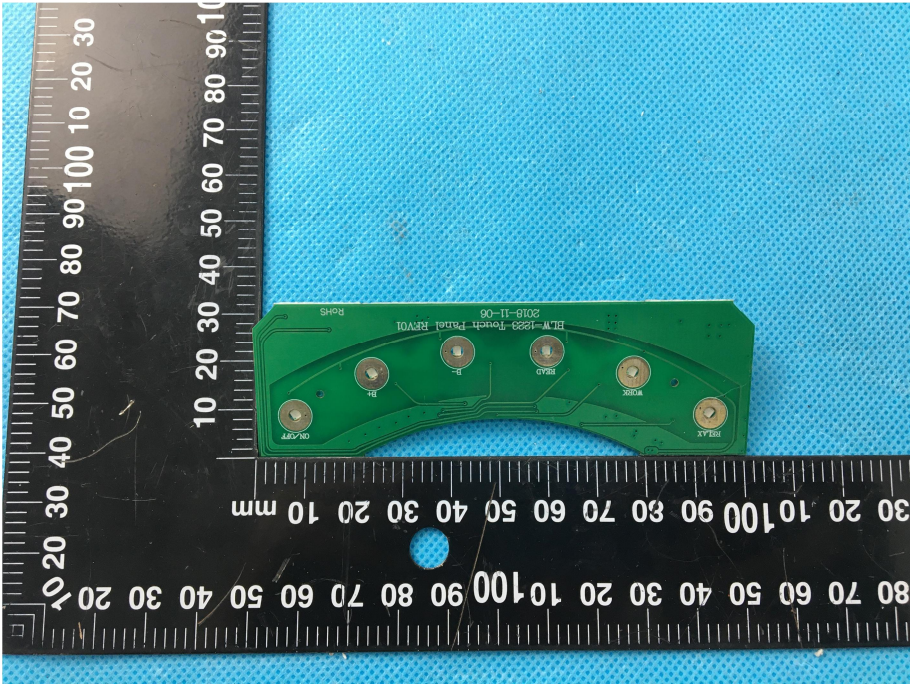

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>This photograph shows the interior of the EUT housing. A black plastic lid is placed above the main housing. The main housing is open, revealing a green printed circuit board (PCB) with various electronic components. A silver battery is mounted on the top of the PCB. Red and black wires connect the battery to the board. A black circular component, possibly a speaker or microphone, is visible on the right side of the housing. A black ruler is placed vertically to the left of the housing for scale, showing measurements in millimeters.</p>
<p>EUT Housing and Board View 2</p>	 <p>This photograph shows the interior of the EUT housing from a different perspective. The black plastic lid is placed to the right of the main housing. The main housing is open, revealing the green PCB and the silver battery. A white circular component, likely a speaker or microphone, is mounted on the PCB. Red and black wires are visible, connecting the battery and other components. A black ruler is placed vertically to the left of the housing for scale, showing measurements in millimeters.</p>

<p style="text-align: center;">Solder Board-Component View 1</p>	 <p>A photograph of a green printed circuit board (PCB) with various electronic components, including integrated circuits, capacitors, and resistors. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board's length being approximately 100 mm. The board is oriented horizontally.</p>
<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of the same green PCB, but with the components removed, showing the solder pads and traces. The board is placed on the same blue textured surface next to the same black ruler. The ruler shows measurements in millimeters, with the board's length being approximately 100 mm. The board is oriented horizontally. Text on the board includes "HLW-1223-Touch Panel Rev01" and "2018-11-06".</p>
