First category: RF Exposure *

Second category: Test Procedures (RF Exposure)

Third category:

Subject: PAG for KDB 680106 wireless charger

Inquiry: Dear Sir,
 We have a power bank with wireless charging,model:HX160Q2. according to therequirements of KDB 680106, we submitted RF exposure report and KDB 680106 technical specificationstatement letter in the attachment, and also submitted some technical information, this product has nophysical fixation and magnetic suction function, The wireless charging power of this product is up to15W. we have tested and evaluated according to portable devices, please help to review and approve it?thanks.

---Reply from Customer on 03/11/2022---

Dear Sir,
 it is a portable device. We would like to apply for FCC ID and RF Exposure Evaluation 2.0. Help confirm whether it is OK, thanks.

FCC Response on 03/16/2022:

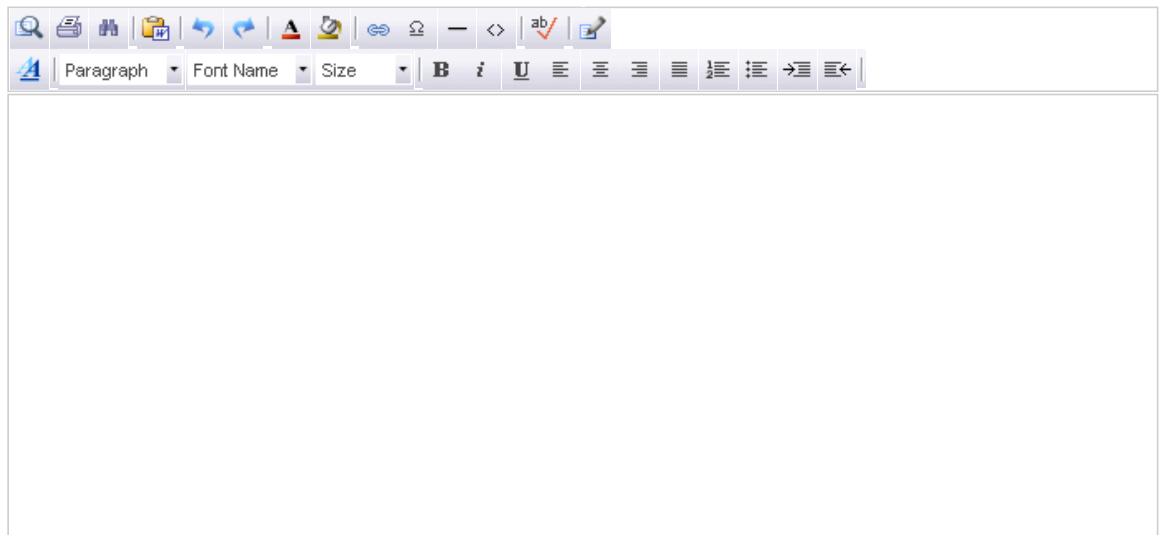

These procedures appear to follow the current guidance for WPT portable chargers. You may proceed.
