Warnings

Improper use of the product can easily cause damage to the product or may endanger personal and property safety.

1. This product contains battery inside. Please avoid exposing the product to the sunlight, electric heater or similar overheating environments. Do not store the product in high temperature, strong light and strong magnetic places.
2. Do not keep it in other harsh environments such as nearby the fire source. Intense physical actions such as knocking, throwing, trampling on squeezing, or putting into fire shall be avoided. Do not use it in case of expansion.
3. The ambient temperature of product is 0-45°C.
4. Inappropriate use of the product against this user manual or ignoring warnings can easily cause damage to the product or may endanger personal and property safety. Consumers shall bear for all the consequences, to which our company will not assume any legal liability.

5. Decomposition of this product by non-professionals is strictly prohibited. Otherwise, it may cause a fire or damage the product.
6. Do not use a load (electrical appliances) that exceeds the output current of this product. A circuit protection mechanism is built-in to automatically stop working if loads exceed.
7. Do not put this product in water (or washing machine). If water enters the product, let it dry naturally before using it.

Declaration on hazardous substances and elements contained in electronic products

Part Description	Hazardous substances and elements					
	Lead (pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent chromium (Cr VI)	Polybrominated Biphenyls (PBB)	Polybrominated Diphenyl ethers (PBDE)
PCB	x	o	o	o	o	o
Plastic	o	o	o	o	o	o
Accessory	x	o	o	o	o	o

This form is compiled in accordance with SJ/T 11364.
O: It indicates that the content of the harmful substance in all homogeneous materials of the component is below the limit specified in GB/T 26572 standard.
X: The content of harmful substances in at least one homogeneous material of this part exceeds the limit stipulated in GB/T 26572 standard.

Warm Tip: The 5-year icon refers to the "effective life of environmental protection", not the product quality assurance period. Electronic products all contain harmful substances such as lead, mercury and cadmium. Once they are overused, harmful substances may leak or mutate, cause pollution to the environment, or cause serious damage to people and property. The term of "environmental protection use" means that all electronic products will be required to use within this effective period. We will no longer be responsible for the quality of the products due to the safety risks that arise after the safe use period.

Specifications

Name: Baseus Wireless Headphones
Model No.: Baseus Bowie D05
Material: ABS+PC+metal
Wireless version: V5.3
Communication distance: 10m
Music playing time: 70 hours (volume at 70%)
Battery capacity: 600mAh/2.22Wh
Rated input: DC5V-600mA
Rated consumption current: 8mA
Fully charging time: About 2 hours
Frequency response range: 20Hz to 20kHz
Charge interface: Type-C
Application scope: Playback devices with wireless functions

*The above data sources are measured values from the Baseus laboratory, but the data may be different or inaccurate due to changes in the actual environment.

This equipment complies with the provisions of Directive 2012/19/EU dispose of this equipment with ordinary trash; it must be recycled. This symbol indicates that the product shall not be treated as regular domestic trash, and must be delivered to a recycling center that is capable of recycling electronic and electrical equipment.

It is hereby declared that Baseus Bowie D05, a product model of Shenzhen Baseus Technology Co., Ltd., complies with the provisions of Directive 2014/53/EU and Directive 2011/65/EU. The full text of the EC Declaration of Conformity can be found on the following website: www.baseus.com

FCC Requirement

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
