Warnings

Improper use of the product can easily cause damage to the product or may endanger personal and property safety.

1. The battery is included in the product. Please avoid exposing your product to the sunlight, electric heater or similar overheating environments. Do not store the product in high temperature, strong light and strong magnetic places.
2. Do not keep it in other harsh environments such as fire source. Intense physical actions such as knocking, throwing, trampling on and squeezing etc. shall be avoided. Do not use it in case of expansion.
3. The ambient temperature of product is 0-45°C .
4. Inappropriate use of the product against this user manual or ignoring warnings can easily cause damage the product or may endanger personal and property safety. Consumer shall bear for all the consequences, to which our company will not assume any legal liability.
5. Decomposition of this product by non-professionals is strictly prohibited.
6. Do not use a load (electrical appliances) that exceeds the output current of this product. A circuit protection mechanism is built-in to automatically stop working if loads exceed.
7. Please use a clean cotton cloth to clean the charging contacts of earphones regularly to prevent it from failing to charge or turn on due to missing cleaning for a long time.
8. Do not put this product in water (or washing machine). If water enters the product, let it dry naturally before using it. Any damage resulted from water into the earphones caused by the consumers themselves, the responsibility falls to the consumers, where our company won't be able to provide any after-sales or return services.

Note: For waterproof level, please refer to the detailed introduction.

Declaration on hazardous substances and elements contained in electronic products

Part Description	Hazardous substances and elements 					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent chromium (CrVI)	Polybrominated biphenyls (PBB)	Polybrominated diphenyl ethers (PBDE)
PCB	X	0	0	0	0	0
Plastic	0	0	0	0	0	0
Battery	0	0	0	0	0	0
Accessory	0	0	0	0	0	0
Charging cable	0	0	0	0	0	0

This form is compiled in accordance with SJ/T11364.

O: It indicates that the content of the harmful substance in all homogeneous materials of the component is below the limit specified in GB/T 26572 standard.

X: The content of harmful substances in at least one homogeneous material of this part exceeds the limit stipulated in GB/T 26572 standard.

This product complies with EU RoHS 2.0 Directive (2011/65/EU)

Warm Tip: The 5-year icon refers to the "effective life of environmental protection", not the product quality assurance period. Electronic products all contain harmful substances such as lead, mercury and cadmium. Once they are overused, harmful substances may leak or mutate, cause pollution to the environment, or cause serious damage to people and property. The term of "environmental protection use" means that all electronic products will be required to use within this effective period. We will no longer be responsible for the quality of the products due to the safety risks that arise after the safe use period.

Specifications

Name: Baseus True Wireless Earphones

Model No.: Baseus Bowie MA10

Material: ABS+PC

Version: V5.3

Communication distance: 10m

Music playing time: About 8 hours (volume at 70%)

Playtime with a charging bin: About 130~140 hours

Battery capacity: 50mAh/0.193Wh (earphones) 2600mAh/9.62Wh (charging bin)

Earphone rating input: DC5V~96mA

Charging bin rating input: DC5V~1000mA

Earphone rating consumption current : 6.0mA

Charging bin rating current consumption: 300mA

Fully charging time: About 3 hours

Frequency response range: 20Hz-20kHz

Charge interface: Type-C

Suitable for: Compatible with most of wireless devices

Max. RF output power: Bluetooth(BLE): 4dBm

*The above data are measured by the Baseus laboratory, the actual use can be slightly different depending on the specific circumstances.

Safety Instructions × 1

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
