GUIDES

- 1 You can wear it on when swimming, but cannot dive. (as illustrate)
- 2 It supports a transmission range of 30 feet, signal will be interrupted if over 30 feet.

FAQ

Q: Is there latency when watching video from laptop or mobile phone?

A: (1) It depends not only on the earbuds, but also the laptop, mobile phone, and the apps. (2) With the latest Bluetooth 5.0 and high sensitivity antenna, the latency is hardly noticed on iOS devices, such as iPhone and iPad. (3) For Android and Windows devices, the latency may be noticed when using some apps, but can hardly be noticed while watching videos on YouTube.

Q: Why my earbuds don't power on/off automatically?

A: The earbuds would not power off automatically when the case is at low power or out of power. Please recharge the case. And you can long press for one second to power on and long press for 4 seconds to power off the earbuds.

FAQ

Q: Why does signal interruption occur in someplaces, such as along railway, in airport?

A: There're usually lots of cables underlying in the places mentioned above, so are more likely to produce electromagnetic interference and results in signal interruption. And if you are using a Bluetooth mouse while connecting the earbuds to your PC, it may have signal interference.

If the earbuds cuts in and out frequently during routine use, you may have a defective item. Please contact us. We do our best to respond to all inquiries within 12 hours.

Q: My earbuds don't charge, what can I do?

A: Please try follow below steps:
1. Clean the charging slot on charging case.
2. Clean the charging connector on earbuds.

Made in China
FCC CE RoHS

This device complies with Part 15 of the FCC Rules and with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Cet appareil est conforme à la partie 15 des règles de la FCC et aux normes RSS exemptées de licence d'Industrie Canada. Le fonctionnement est soumis aux deux conditions suivantes : (1) cet appareil ne doit pas causer d'interférences nuisibles, et (2) cet appareil doit accepter toute interférence reçue, y compris les interférences pouvant entraîner un fonctionnement indés

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.
Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.

Radiation Exposure Statement
The device has been evaluated to meet general RF exposure requirement. This equipment should be installed and operated with minimum distance 0mm between the radiator & your body.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. Cet équipement doit être installé et utilisé avec une distance minimale de 0 mm entre le radiateur et votre corps.
