Safety Precautions To reduce the risk of death, injury and accidents, please read carefully and follow all instructions included those in these instruction and online at [https://manual.shiftall.net/en/flipvr].

Danger The following have a high risk of death or serious injury.

- Use FlipVR for only its intended purpose. Doing otherwise may result in damage to the equipment, accidents, death or serious injury.
- Be sure to leave sufficient play space when using the product. Using the product with objects around it may cause damage to the equipment, accidents, or injury.
- Exposing the product to water may result in electrical shock. Do not use in the kitchen, laundry room, bathroom or any place where there is the presence of water. Electrical shock can result in serious injury or death.
- Charge the product as specified in the online manual to avoid battery leakage, overheating, or rupture. Not doing so may result in fire or explosions and death or serious injury.

Warning The following have a risk of death or serious injury.

- Do not disassemble or modify the product. Modifications, including placing metal objects inside the product, may result in malfunction, burns, fire, death or serious injury.
- Radio waves emitted by the product may affect the operation of cardiac pacemakers. Please keep the product at least 6 inches away from any pacemakers.
- Do not use the product near automatic control devices such as automatic doors or fire alarms. Radio waves emitted by the product may affect automatic control devices causing accidents due to malfunctions.
- Do not use in hospitals or places where electrical medical equipment are in use. Radio waves emitted by the product may affect electrical equipment causing accidents due to malfunctions.
- Do not allow foreign objects, including water and other liquids, to enter the unit. A short circuit or overheating may cause a fire, electrical shock, or malfunction. Be especially careful with children. In the event of the following abnormalities or malfunctions immediately unplug the USB cable and discontinue use. If you continue to use the product it may cause a fire or electric shock. If there are any problems with the product contact the Shiftall support desk.
- Smoke, unburned oil, or smoke from the product.
- Water or foreign matter inside the product.
- Damage to the main unit.
- If you experience any unusual physical symptoms such as breathlessness, dizziness, headache, or nausea during use, discontinue use immediately and seek medical attention.

Caution The following may result in minor injuries or property damage.

- Do not use or store the product in any place with high humidity, steam, oil smoke, dust or vibrations. Doing so may cause fires or electrical shock.
- Do not place heavy objects on top of the product. The objects may fall and cause injuries. It also deform the outer case or the plug of the cord and damage the internal parts, resulting in fires or malfunctions.
- Do not leave the product in places of high temperatures. Do not leave inside car's, especially in hot weather. Doing so may result in fires. Under heat may also cause deterioration of the outer case and internal parts.
- Do not use the product while sleeping. Doing so may cause damage to the product, accidents, or injuries.
- Do not continue to charge battery if it will not be used for a long time. Failure to do so may result in fire.
- Do not place the product near infants or children. It may cause accidental ingestion of parts, other unexpected accidents, or injuries.
- Do not use the product with the USB cable wrapped around your body.
- If you feel any abnormality on your skin through direct contact with the product, stop using immediately. Continued use of the product may cause irritation or rashes.
- Be sure to use the product in the correct fitting condition for comfort and safety, and check the fit periodically during use.
- Do not over-tighten the straps.
- When using the product, be sure to attach and fix the hand and wrist straps. Failure to do so may cause unexpected accidents, or injuries.
- Do not touch fingers or clothing to touch hinges when you move the moving parts of the product. Failure to do so may result in malfunction, damage to clothing or injury.
- Do not make aggressive movements when not holding the control part of the product. Doing so may cause an unexpected accident or injury.
- Do not pull hard on the cord part of the product or swing it around by holding it. Doing so may cause unexpected accidents, injury or damage to the equipment.
- Do not strongly twist or pull the shaft part of the control part of the product. Doing so may cause damage to the equipment.

Disclaimer and Regulatory Information

Use and storage location

- Do not use the product in direct sunlight or places exposed to high-temperatures.
- Do not drop, hit, or otherwise subject the product to strong shocks. Doing so may cause a malfunction.
- If the product will not be used for a long period of time, recharge the battery approximately every 3 months.

Care and Maintenance

- Wipe the unit with a soft, dry cloth. If the unit is very dirty, first wipe off the dirt with a slightly damp cloth, then wipe with a dry cloth.
- Do not allow contact with solvents such as paint thinner, alcohol, benzene, kitchen, or cloth detergent. Exposure to chemicals may change the quality of the unit or cause the paint to peel off.

Disclaimers

- For use in Japan, and the United States only.
- Disposal

Shiftall Product Warranty Policy

The product warranty for FlipVR (hereinafter referred to as "the product") is valid only under the conditions described in this document. Shiftall Corporation (hereinafter referred to as "Shiftall") guarantees the product to be free from defects in design and workmanship under the conditions of use as specified in the online manual for one year (hereinafter referred to as the "Warranty Period") from the date of purchase by the original purchaser from the dealer.

Not covered by warranty

- This warranty is not valid under any of the following circumstances:
- (1) If you do not provide a warranty card upon purchase of the product.
- (2) If the name and address are not written on this warranty card.
- (3) If there is no date of purchase or the store name is not written on this warranty card.
- (4) Not applicable if you provide a receipt or other proof of the date and the store of purchase.
- (5) If the warranty card has been altered.

This warranty does not cover displaced, altered, or malfunction caused by:

- (1) Transportation, handling, or dropping after purchase.
- (2) Accident, misuse, contact with liquid, chemicals, fire, earthquake, or other external causes.
- (3) Connection with other equipment or compatibility problems.
- (4) Wear or damage to the product not specified, permitted, or intended.
- (5) Servicing (including, but not limited to, repair or modification) other than Shiftall-authorized technicians.
- (6) Update of SteamVR™, Windows, or supported software makes the product unusable.

This warranty does not guarantee that the use of the product will be uninterrupted or error-free.

Our response
If a defect arises and a valid claim is made against Shiftall during the warranty period, Shiftall will in its sole discretion and to the fullest extent permitted by law:

- (a) Repair the product free of charge using new parts or parts that are equivalent to new in performance and reliability.
- (b) Replace the product with a new or refurbished product that is equivalent to a new one in performance and reliability.
- (c) Refund the cost of the product.

The remaining term of this warranty shall not be extended if the product or part is replaced or repaired under this warranty. If a product or part is replaced, the new product or part shall become your property, and the product or part that was replaced or repaired shall become the property of Shiftall. In the event of a refund the product to be refunded shall be returned to Shiftall.

TO THE MAXIMUM EXTENT PERMITTED BY (APPLICABLE) LAW, THIS WARRANTY IS THE SOLE EXPRESS WARRANTY AND IS IN LIEU OF ALL OTHER WARRANTIES, REMEDIES, AND CONDITIONS, WHETHER ORAL OR WRITTEN, STATUTORY OR IMPLIED, IF PERMITTED BY THE LAWS OF THE COUNTRY OR STATE OF SALE, SHIFTALL MAKES NO STATUTORY OR IMPLIED WARRANTIES OF ANY KIND, IF PERMITTED BY THE LAWS OF THE COUNTRY OR STATE OF SALE, SHIFTALL DISCLAIMS ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT FOR HIDDEN OR LATENT DEFECTS.

Scope of responsibility

The remedies available to the consumer are limited to those remedies expressly provided in this warranty. Except as permitted by this warranty, to the maximum extent permitted by (applicable) law, we shall not be liable for any direct, special, indirect, or consequential damages under any legal theory arising out of a breach of warranty or condition.

FCC CAUTION

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can cause radio frequency interference, if not installed and used in accordance with the instructions. The user is encouraged to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.
