| <p>EUT View 3</p> |  A photograph showing the back of a white electronic device. The device has a rectangular shape with rounded corners. It features a central rectangular cutout, a small circular port on the left, and a larger rectangular port on the right. A ruler is placed horizontally below the device, showing measurements from 1 to 46 cm. A vertical ruler is also visible on the left side, showing measurements from 1 to 37 cm. The device is placed on a blue background. |
| <p>EUT View 4</p> |  A photograph showing the front of a white electronic device. The device has a rectangular shape with rounded corners. It features a large circular black lens on the left and a smaller circular port on the right. A ruler is placed horizontally below the device, showing measurements from 15 to 42 cm. The device is placed on a blue background.                                                                                                                  |

|            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EUT View 5 |  A top-down view of a white, rectangular electronic device. On the top surface, there is a control panel with a central 'OK' button and four directional arrows (up, down, left, right). Above these buttons are two small circular indicators. A ruler is placed horizontally below the device, showing measurements from 15 to 44 cm.                                                                         |
| EUT View 6 |  A front-facing view of the same white device. The front panel features a speaker grille on the left, a power button in the center, and a row of ports on the right: two USB ports labeled 'U2' and 'U1', two HDMI ports labeled 'HDMI 2' and 'HDMI 1', and three circular ports labeled 'AV', 'IR', and another 'IR'. A ruler is placed horizontally below the device, showing measurements from 18 to 46 cm. |
