Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) populated with various electronic components. The board is rectangular and features a central integrated circuit (IC) labeled 'U5EN'. Surrounding the IC are several resistors, capacitors, and other passive components. The board is placed on a blue textured surface next to a metal ruler for scale. The ruler shows measurements in centimeters (0 to 10) and millimeters (0.5 to 10).
Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) featuring nine square components arranged in a 3x3 grid. Each component is labeled with a function: POWER, CH+, MENU, V-, ENTER, V+, SOURCE, CH-, and ESC. The board is placed on a blue textured surface next to a metal ruler for scale. The ruler shows measurements in centimeters (0 to 9) and millimeters (0.5 to 10).

Solder Board-Component View 5	 A photograph of a white rectangular component with a yellow square in the center, mounted on a blue textured surface. The component has four blue circular solder points at the corners. A yellow label on the left side reads 'H4046-V1'. A metal ruler with millimeter and centimeter markings is placed below the component for scale.
Solder Board-Component View 6	 A photograph of a square copper-colored component with four blue circular solder points at the corners, mounted on a blue textured surface. A metal ruler with millimeter and centimeter markings is placed below the component for scale.

Solder Board-Component View 7	 A photograph of a small green printed circuit board (PCB) component, labeled 'Ver1.0' and '20201113', mounted on a blue textured surface. The component is positioned next to a metal ruler for scale. The ruler shows centimeters (1 to 6) and millimeters (0.5 mm, 1 mm, 2 mm, 3 mm, 4 mm, 5 mm, 6 mm). The component is oriented vertically, with its top edge facing the ruler.
Solder Board-Component View 8	 A photograph of the same green PCB component, labeled 'Ver1.0' and '20201113', mounted on a blue textured surface. The component is positioned next to a metal ruler for scale. The ruler shows centimeters (1 to 5) and millimeters (0.5 mm, 1 mm, 2 mm, 3 mm, 4 mm, 5 mm). The component is oriented vertically, with its top edge facing the ruler.
