NOTES

Size: 165 x 85mm

**Wireless Power Bank
Model: UAG-WF-BP5K**

USER GUIDE

SPECIFICATIONS

Battery capacity 3,000mAh (11.1Wh) Lithium Polymer
5,000mAh (19Wh) Lithium Polymer
Battery charging input, 10-Watt, 5V/2A max
Battery wireless charging 10-Watt (Wireless)
output
Wireless Status Indicator 1x Blue LED
Battery Indicator 4x White LED
Operating Environment 0C to +40C (32°F to 104°F)
5% to 90% Relative Humidity
Storage Environment -15C to +50C (-59°F to +122°F)
5% to 90% Relative Humidity

BATTERY PACK INSTALLATION

1. To install the battery pack, insert the battery pack at an angle starting at the bottom.
2. Let battery pack rest on the bottom of the case and gently press the top down into the case until it snaps in place.
3. To remove the battery pack. Push the battery release button up and pull the battery pack away from the case.

FCC STATEMENT

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

4

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 0 cm surrounding the device and 0 cm above the top surface of the device must be respected.

ICES-003 Class B Notice - Avis NMB-003, Classe B

This Class B digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada. This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

5

L'émetteur/récepteur exempt de licence contenu dans le présent appareil esconforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) L' appareil ne doit pas produire de brouillage;
(2) L' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.

WARNING: This Product can expose you to chemicals including Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. www.P65Warnings.ca.gov
