

Solder Board-Component View 4	 A photograph of a small green printed circuit board (PCB) component, likely a USB-to-UART adapter, placed on a blue textured surface. The component has a USB-A connector on one end and a micro-USB connector on the other. It is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm). The component is approximately 100 mm long and 10 mm wide. The text on the component includes "RX/TX-AC6956F-V1.2", "2021-12-014", and "BAT-".
Solder Board-Component View 5	 A photograph of a small yellow and white lithium polymer battery component, likely a 3.7V 150mAh battery, placed on a blue textured surface. The battery has two wires (red and black) extending from it. It is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm). The battery is approximately 100 mm long and 10 mm wide. The text on the battery includes "LM 501525 3.7V", "+150mAh 0.555Ah", and "202112".
