What's in the Box

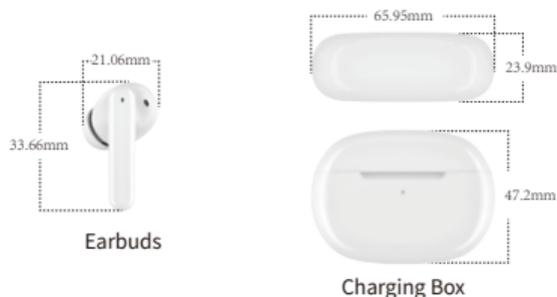

Precautions for Battery

S5 is powered by a built-in rechargeable lithium battery. Please charge S5 over 2 hours before using it for your first time.

1. Only the attached Type-C cable can be used for charging battery. Incorrect charging may damage batteries and earbuds.
2. Do not attempt to open rechargeable batteries or battery packs because that may break products due to the precise structure. There are also no usable parts in it.
3. Rechargeable batteries only can be recharged by adults. Keep the battery out of reach of children. If children swallowed it, please take them to the hospital immediately.
4. Keep the battery away from the fire. Do not throw the battery into the fire, otherwise it may explode. Batteries may also explode if being damaged. Please handle and disposal it according to your local conditions and regulations.

Product Dimensions

You could replace silicon eartips to be the best suitable size for your ears. (S/M/L size for your choice)

More stable wearing

Special earplugs on S5 earbuds give you more stable wearing, not easy to fall out.

Please follow these steps to wear.

1. Gently insert the earplugs to ensure comfortable wearing.
2. Rotate and adjust the earplugs to the correct position.

Parameters

Wireless Noise Cancelling Earbuds S5.

Bluetooth Version	V5.3
ANC+ENC	AI Dual Mic ENC Noise Cancelling
Maximum Noise Deduction	>-25dB
Driver Diameter	Φ10mm
Frequency Range	20Hz~20KHz
Load Impedance	32Ω
Sensitivity	102dB+/-3dB
Bluetooth Range	10m/33ft (Without obstacles)
Bluetooth Support	AAC,SBC,A2DP,HFP,HSP,AVRCP,etc.
Playtime	≥5 Hours(Middle Sound)
Charging Box Charging Time	<2 Hours
Earbud Battery	30mAh Per Unit
Charging Box Batter	400mAh
Operating Voltage	Earphone 3.7V Earphone 45mAh
Weight	3g Per Unit, 38g for Charging Box
Water Proof Level	IPX4

* Above data are all from the laboratory and for reference only.

Your earbuds come with multiple pairs of eartips, Medium size eartips are pre-installed.

Replace Silicone Earplugs

Need to use a certain amount of force to remove the earplugs

Power On/Off

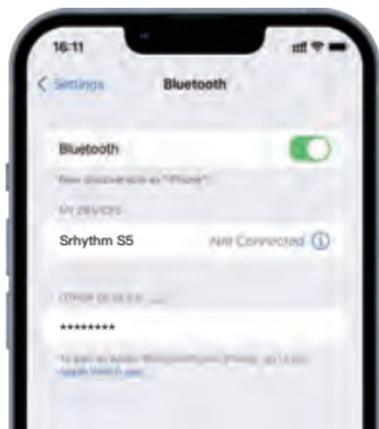

Remove the earbuds from the charging case.
Wait 10 seconds to let earbuds pair with itself automatically.

Tip: The earbuds will automatically power off after 10 minutes if no device is connected.

Bluetooth Pairing

Open the charging case, the earbuds will automatically enter the Bluetooth pairing mode.
Select "Srhythm S5" on your device's Bluetooth list to connect.
When connected successfully, you can hear "connected" voice prompt.

ANC mode(Active Noise Cancelling)

Tap the left touchpad twice, you will hear the "ANC on" voice prompt.

Transparency mode

Tap the left touchpad twice to switch between "ANC on", "ANC off" and "Transparency mode".

ENC mode(Environmental Noise Cancelling)

ENC is automatically activated when you're on a call or using your voice assistant so that the receiver has no problems understanding you regardless of the ambient noise.

Mono mode

When Bluetooth connected, you can use either one of the earbuds by placing the other one into the charging case(ANC function is not available in Mono mode).

Voice Assistance

Tap left or right touchpad 3 times to activate voice dialing function (compatible with iPhone Siri and selected Android voice dialing software).

Reset

Put the earbuds into charging box, keep the charging box open and long press the reset button on the charging box for 10 seconds. The green light will flash for 6 seconds, and then turn off. Then the reset is done.

Multi-function Touchpad

Both left and right earbuds have touch control function.

Play/Pause	Press twice (R)
Next track	Long press for 2 seconds (R)
Previous track	Long press for 2 seconds (L)
Switch ambient sound modes: ANC on/ANC off/Transparency	Press twice (L)

Answer a call	Press twice (L/R)
End a call	Press twice (L/R)
Reject a call	Long press for 2 seconds (L/R)

Mono

Play/Pause	Press twice (L/R)
Next track	Long press for 2 seconds (L/R)

Answer a call	Press twice (L/R)
End a call	Press twice (L/R)
Reject a call	Long press for 2 seconds (L/R)

Charge the Charging Box

Connect the attached USB Type-C cable to the USB interface (charging wall or charger is not provided by Srhythm) and charge the Charging Box under 3.7V. It takes 1-2 hours to fully charge earbuds and charging box.

- The LED indicators on the charging case indicate the charging status.

LED light flashes red	Charging box being charged Charging box in low battery
LED light flashes white	Earbuds being charged
LED light flashes green	Charging box is fully charged

*Voltage exceed 3.7V and under 28V will activate Charging Protect Mode, then the charging box can not be charged.

*Voltage over 28V may break the products.

NOTE

Do not handle the earbuds roughly. Do not press them with heavy objects. Keep away from heat and humidity.

For best performance, keep away from Wi-Fi routers and other high-frequency transmitting devices.

Please use the earbuds within the effective distance of 10 meters. There should be no physical obstruction (such as a wall, etc.) between the Bluetooth device and the earbuds.

The earbuds can be paired with any device that supports Bluetooth.

Attention

1. The risk of hearing loss can be reduced by observing the following safe guidelines: When connecting the earbuds, adjust the volume control to the minimum, and then slowly increase to a comfortable volume level. Keep the volume as low as possible. If the volume needs to be increased, please adjust the volume control slowly. And stop using the speaker immediately if you feel unwell in the ear or if you got tinnitus. Using a high volume for a long period of time will make your ears used to such volume, causing permanent damage to your hearing even without any apparent discomfort.

2. If you are wearing a pacemaker or other electronic medical device, you should seek your doctor's advice before using this product.

3. The packaging contains small parts that can endanger children. Therefore, it should be kept out of the reach of children. Swallowing plastic bags can cause suffocation.

4. Do not attempt to disassemble the product or insert any object into the product by yourself, otherwise it may cause a short circuit, which may lead to fire or electric shock.

5. Customer shall not replace or repair any component. Only authorized dealers or repair service center can open finished products. If any part of the product needs to be replaced for any reason (including normal wear and tear and damage or cracking), please contact the vendor.

6. Avoid rain, dampness or contact with other liquids.

7. If the product is overheating, falling or damaged, or the product falls into a medium liquid, please stop using it.

8. Using headphones while driving may be restricted by local laws. Please consult the local authority. Be careful when using this product when you need to devote yourself to something else.

9. Maintenance of built-in battery: The product is powered by rechargeable batteries. New batteries must be recharged and discharged two or three times before their full function be released. Disconnect from the charger when the battery is fully charged, as overcharging would shorten battery life. When not in use, battery in fully charged disappears slowly. Do not place the product near a heat source or expose it to direct sunlight, dust, moisture, rain or mechanical impact. Try to keep the battery temperature between 0°C and 45°C at all time. If the battery is too hot or too cold, the product may not work temporarily, even if it is fully charged.

10. Warning on battery: Improper use of batteries may result in fire or chemical burns.

Batteries can explode if damaged.

11. Please refer to the User Manual for Instructions on the charging status indicator lights.

12. When unplugging the power cord or any reinforced parts, please hold the plug and pull it out instead of pulling the cord directly. Do not use the damaged charger.

FCC Caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:

Any changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television

reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with distance <5 mm between the radiator & your body.

ISED warning

This device complies with Innovation, Science, and Economic Development Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with distance >5 mm between the radiator & your body.

Le présent appareil est conforme. Après examen de ce matériel aux limites d'intensité de champ RF, les utilisateurs peuvent sur l'exposition aux radiofréquences et la conformité et compliance d'acquiescer les informations correspondantes. La distance minimale du corps à utiliser le dispositif est de 5mm.
