Lilimisslic@hotmail.com

### Warm Tips

Please pay attention to the following issues, otherwise it may cause irregular charging, high charging temperature, intermittent charging, or even no charging.

1. **Not compatible with devices other than Apple, such as Samsung.**

2. Please place your phone in the correct charging area.
3. The charging distance is 2-8 mm, please do not wear a protective cover thicker than 3 mm.
4. No metal or magnetic objects in the center 6 cm of the back of the phone during charging.
5. The lower the temperature, the faster the charging speed.
6. Charging speed is faster in winter than in summer.
7. Please do not charge in a hot and humid environment to avoid damaging the circuit.
8. Please put it out of reach of children to avoid unnecessary accidents.
9. Make sure to use the original charging cable and adapter.

### Compatible with

1. Suitable for 99% parallel vents.

2. Not suitable for using special round vents.

### How to Use the Products

The correct installation steps of the product:

- ① turn the shaft fixing piece to the left a little loosely.
- ② insert the bracket round ball part into the main body fixing.
- ③ rotate the shaft fixing to the right until it is completely fixed.
- ④ complete the installation of the bracket.
