

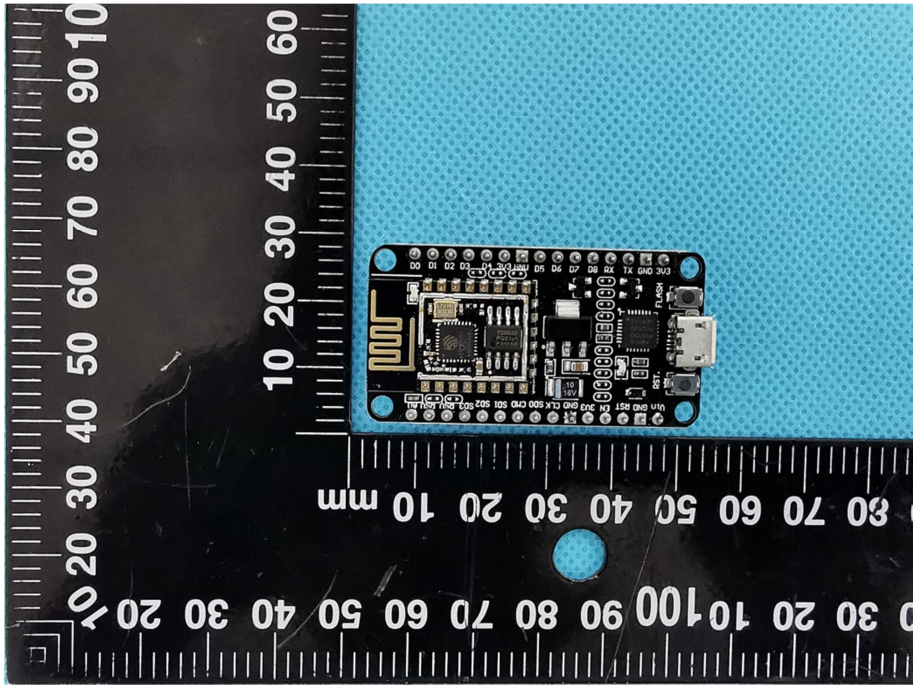

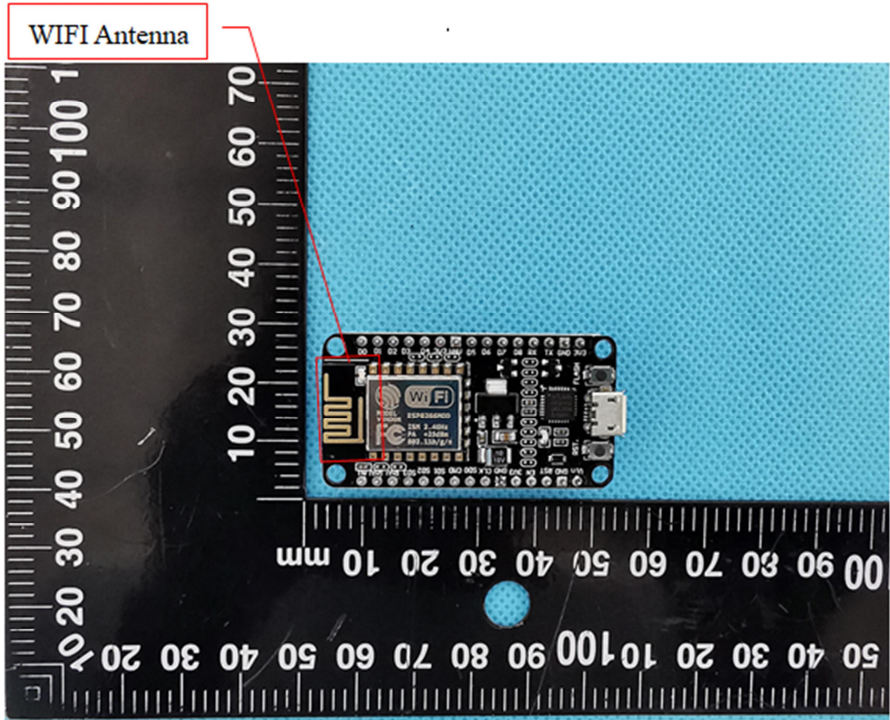

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

Solder Board-Component View 1	 A photograph of a small electronic circuit board (likely a USB dongle) placed on a blue textured surface. The board is surrounded by a black L-shaped ruler with white markings in millimeters. The board features a gold-colored antenna on the left, a USB connector on the right, and various surface components like chips and capacitors.
Antenna View	 A photograph of the same electronic circuit board, similar to the one above, but with a red rectangular box highlighting the gold-colored antenna structure on the left side. A red line points from the text 'WIFI Antenna' in a small white box to the highlighted antenna. The board is again placed on a blue textured surface with a black L-shaped ruler for scale.
