Get it Ready for Playing

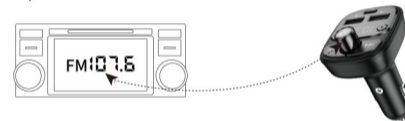

1. Plug MTG BT FM Transmitter into your car cigarette lighter socket.

2. LED display light on, it will show: "13.3-bt-107.9"
 3. Bluetooth Connect: After LED display "bt" means it is ready to pair with a voice prompt "Waiting for connection".
 On your smart phone, enable Bluetooth function, search available devices, select "MTG BT FM Transmitter", and pair with it. Once connected, there is a voice prompt "Bluetooth connection success".

4. Turn on FM on your car radio and find a vacant (unoccupied) channel. Then, go to adjust the frequency on MTG BT FM Transmitter to match the frequency on your car radio.

5. Adjust the FM transmitter frequency: Press and hold multifunction knob button until the frequency display flickering; rotate the knob button to adjust the FM transmitting frequency to be the same as frequency on your car radio.

Play Music

Playing music on your phone:
 After steps 1-5, you can start playing on your smart phone. The music will stream by Bluetooth A2DP function; from your phone via FM transmitting to car radio, and come out from car stereo system.
