

Remote Control (Emitter) Opearation

If emitter can not control the fan

1. Please check whether the battery is installed correctly and whether it is charged. If necessary, replace the remote control battery.
2. Please check if there are similar remote control products working nearby, because remote control products of the same frequency will interfere with each other.
3. Please press and hold the "1" and "2" buttons at the same time within 10 seconds after the product is powered on, until you hear two beeps to succeed. If it doesn't work, please try again.

Natural wind:
1, 3, 5, 2, 4, 6 gears are
switched every 20S;
Sleep wind:
1, 2, 3; 1, 2, 3 gears
are switched every 20S;

FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following

two conditions: (1) This device may not cause harmful interference, and (2) this device

must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital

device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the

user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved by the party responsible

for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
