④ 麦克风按键
⑤ 麦克风Type-C接口
⑥ 接收器指示灯
⑦ 接收器Type-C接口
⑧ 接收器按键

* 部分安卓手机因系统原因会出现兼容性问题，详情请咨询客服。

使用方法

第一步：首先将接收器Type-C头插入手机的Type-C接口，手机显示小图标表示连接成功。

第二步：单击麦克风的开机键，指示灯亮起时，即开机成功。

第三步：接收器红灯常亮，手机打开相机、直播视频等APP即可使用麦克风收音。

注：OPPO/VIVO/QQO/Realme品牌的手机需要对设置界面【搜索“OTG”-打开OTG功能】才能正常使用。

备注：部分型号的接收器不具备此功能，以实际产品为准。

包装清单

包装清单内容

- 1) 麦克风发射器
- 2) Type-C充电线
- 3) Type-C接收器
- 4) 用户手册

Wireless Lavalier Microphone

Type-C receiver

User Manual

CE FCC RoHS

Introduction

Thanks for choosing our product. This product is a smart wireless microphone that provides professional-grade recording output. Plug and play, no app required. Multiple uses: It can be used in online live broadcast, video vlog shooting, program interview, recording, video teaching and other occasions. The wireless microphone consists of two parts, one is Microphone Transmitter, the other one is Type-C receiver. (See as below picture).

ID Diagram

① Microphone indicator
② Microphone Type-C charging port
③ Microphone key
④ Microphone switch key
⑤ Receiver indicator
⑥ Receiver key of receiver
⑦ Type-C port of receiver

* Some Android phones may have incompatibility problems due to system, please consult your dealer for details.

How to use

Step 1: Connect the Type-C receiver to phone with Type-C port. The connection is successful if the phone displays a small icon.

Step 2: Press switch key of microphone, the indicator light turns green, and then power is turned on.

Step 3: The indicator red light of receiver keeps always on, then open the phone camera, live App or other Apps, and then to use the microphone to receive sound.

Note: oppo / vivo / iqoo / realme brand mobile phones can be used normally only when they go to the settings search "OTG" - turn on OTG power supply.

About UI

Microphone Transmitter		
Function	How to use	Light
Power off	Press switch key once	Green light on
Power on	Press switch key about 3 seconds	Light off
Pairing	Press switch key about 3 seconds	Red and green flash alternately

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance may void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to radio communications. This equipment operates on the unlicensed radio frequency band of 2.4 GHz and is not intended for use in the presence of other radio frequency devices. The use of this equipment with other radio frequency devices may cause interference and is not recommended. However, there is no guarantee that interference will not occur in a particular installation.

If the equipment does cause harmful interference to radio or television reception, you should be instructed to turn the equipment off and on, to see if the problem is being corrected by this simple troubleshooting procedure.

— Increase the separation between the equipment and receiver.
— Connect the equipment to a power outlet on a different circuit.
— Consult the dealer or an experienced radio/TV technician for help.
— The device can be used on portable mobile telephones through earpiece.
— The device can be used on portable mobile telephones through headset.
— The device can be used on portable mobile telephones through headset.
— The device can be used on portable mobile telephones through headset.
— The device can be used on portable mobile telephones through headset.
