PRODUCT COVER LETTER

To: Regulatory Certification Body DEKRA Testing and Certification, S.A.U. Parque Tecnológico de Andalucía C/ Severo Ochoa 2 & 6, 29590,Málaga, España	From: Vitesco Technologies Address: 44 Avenue du General de Crouette, Toulouse, France Postcode/Zip Code: 31100
--	--

Type of equipment:	Door Handle Sensor with NFC Reader
Brand name:	VITESCO
Model name:	DHSEQ5NFC
FCC ID:	2A6TC- DHSEQ5NFC

To whom it may concern,

Vitesco Technologies, as manufacturer of the product model name **DHSEQ5NFC** declares that this product has two different hardware version based in the side of the car door where it is installed, as can be shown in the table below:

Model names:	Variant	Vitesco Part Number
DHSEQ5NFC	NFC Left (variant under test)	AAA2064150000
DHSEQ5NFC	NFC Right	AAA2116620000

Both version of the product (left and right) are totally equal from the essential characteristics (RF/EMC/Safety) point of view because both variants are 100% identical with all electronics with mirror symmetry.

- Right (P/N) and Left (P/N) variant are based on the same PCB (same PCB Part number)
- Same PCB could be exchanged in both variants. The PCB is mounted in Right version and Left version
- Same SW
- Same HW for both version of the product. The only difference between Left (AAA2064150000) and Right version (AAA2116620000) is the shape of the Housing which is linked to the design of the Door Handle of the final customer.

→ **SENSOR RIGHT**

→ **SENSOR LEFT**

- The Right & Left versions have a dedicated Housing/Cover made by plastic material (PA6.12 GF30) to be mounted in the final DH. Material used for Left and Right version is the same.
- Considering that, test results will be identical for both variants left and right, and test result performed under left

version (AAA2064150000) are totally representative for product right versions (AAA2116620000).

Sincerely,
