Subject: Request for a Class II Permissive Change

FCC ID: 2A6WLRN2903
Grant Date(s): 09/29/2022

Pursuant to CFR47 §2.1043, the Grantee hereby requests a Class II Permissive Change for the above identified device.

Following changes apply to the modified device:

This modular approved transmitter is integrated by the Grantee into his own final host product (People Counter) using a unique antenna trace design with an integral meandered PCB monopole antenna.

There are no further changes made to the original product so that the not repeated test results continue to be representative for this device.
The RF Exposure category (mobile / fixed) of the modular transmitter remains and applies also to this host device.

Sincerely,

Authorized Agent
