Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

SUBJECT: Change of ID

To Whom It May Concern:

This letter grants authorization for representative of Trellisware Technologies, Inc. (Trellisware) to apply to the FCC for a change in identification as specified under 47CFR section 2.933 of the FCC rules.

The original certification FCC ID SQG-60SIPT will remain valid.

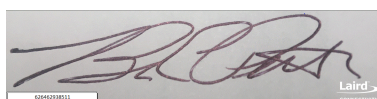

This authorization applies to the Laird model 60-SIPT, FCC ID SQG-60SIPT. The original grant date was August 11, 2017.

Trellisware will be marketing the 60-SIPT module as a product under a new FCC Identifier. Trellisware's grantee code is 2AX6X and proposes that it be issued FCC Identifier 2AX6X2-1760 for the module.

Laird has no control or responsibility with regards to the installation and use of the 2AX6X2-1760 module in the products outlined by Trellisware. As a result, Trellisware takes ownership and responsibility for compliance of their products which include the 2AX6X2-1760 module.

The original test results, technical information and relevant documents continue to be representative of and applicable to the changed equipment. Any confidential information regarding the SQG-60SIPT module shared to various test and certification firms shall remain confidential amongst the parties involved and not be shared to other third parties (including Trellisware) unless authorized.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Petted". Below the signature is a small rectangular box containing the text "Laird CONNECTIVITY".
