Getting Paired</p> <p>1. Turn on the headset, the headset will enter pairing mode.</p> <p>2. Turn on the Bluetooth of your devices and search for the model name "M-ONE" to connect. When pairing is complete, you will hear a voice prompt saying "connected".</p> <p>NOTE:</p> <p>1. Power On Automatically Pick up the headset from the charging case, the headset will automatically power on.</p> <p>2. Power On Automatically Unplug the charging cable of the headset when charging, the headset will automatically power on.</p> <p>3. How to reset? During charging, hold the "MFB" for 5 seconds at the same time, then the LED Indicator flashes blue 2 times.</p> <p>10</p>	<p>Bluetooth Pairing and Connection</p> <p>B. Pairing with 2 Devices Simultaneously</p> <ol style="list-style-type: none"> Follow the pairing procedure as instructed in part "Getting Paired" to pair the headset with the 1st Bluetooth device. Turn off the Bluetooth of your 1st device. The headset will enter pairing mode. Repeat the pairing procedure to pair the 2nd Bluetooth device. Turn on Bluetooth of your 1st device, click to reconnect to "M-ONE" on the Bluetooth list. Turn the headset off and then turn on again. The headset will automatically connect to the 2 devices at the same time. Now you can operate two devices through one headset. <p>11</p>	<p>Charging the Device</p> <p>Two ways to Charge the Headset:</p> <p>A. Charge the Headset Directly</p> <p>B. Charge the Headset via the Charging Case</p> <p>12</p>	<p>FCC Statement</p> <p>Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device has evaluated to meet general RF exposure requirement. The device can be used in portable exposure without restriction.</p> <p>13</p>	<p>IC Caution:</p> <p>- English: This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p> <p>- French: Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) L'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. Le matériel a été évalué pour répondre aux exigences générales d'exposition aux radiofréquences. Le dispositif peut être utilisé dans des conditions d'exposition portables illimitées.</p> <p>14</p>	<p>WARRANTY</p> <p>If there is any issue with your order, please contact us via email or Facebook with your Amazon order number to active below benefits:</p> <ol style="list-style-type: none"> Lifetime Warranty Extension Support refunding or replacing at NO COST for defective products even if Amazon's one-month return window is closed. 24/7 technical support for any issues. <p>Email: help@ekvanbel.com Facebook: EKVANBEL</p> <p>15</p>	<p>ONE THE MOMENT</p> <p>Need any help?
